Irish Conference Delegations Await The Commons Vote

Meetings of the Committee in London Suspended Until
After M. P.'s Have Debated the Negotiations.

London, Oct. 28.—The Irish conference has been suspended until after next Monday, the day set for a discussion in the House of Commons of the Government's policy in dealing with representatives of the Dail Eireann. Even the meetings of the committee representing the Government and the Sinn Fein delegation have been suspended for to-day and to-morrow.

According to information obtained at Sinn Fein headquarters to-day, however, Premier Lloyd George and Chancellor Birkenhead may meet Arthur Griffith and Michael Collins of the Irish delegation on Monday. Some of the Sinn Fein delegates anticipating a blank week-end, had arranged to return to Ireland to-night, but Mr. Griffith asked them to remain in London till their return be misundstood. Moreover, he desired that the delegates should review together the whole situation preparatory to Monday's debate in the Commons.

To Clear Air.
Sinn Fein circles were not apprehensive to-day regarding the debate, some saying it would serve to clear the air, to bring out the essentials and enable them to see how far Parliament would authorize the Premier to go. They intimated the conference might be broken off should they think this authorization did not extend far enough.

The latest arrival at Sinn Fein headquarters is William Mellows, a member of the Dail and one of the organizers of the "Easter Rebellion," who commanded the rebels in the Galway and later escaped to the United States.

Majority Predicted.
London, Oct. 28.—Belief was expressed by newspapers here to-day that the Government would receive a big majority in support of the policies it has followed regarding Ireland and that the Ministry's hands would be strengthened in dealing with the Sinn Fein representatives. Mr. Lloyd George received congratulations from the Liberal press for "grasping the nettle of the Irish situation," and "opposition." It was said the Premier had, "by calling their bluff," knocked the wind out of the Unionists who were sponsors of the vote of censure of the Government "which was read in the House on Wednesday."

Unionist Meeting.
Political correspondents generally predict a heavy defeat for the Unionists at the annual conference of the Unionist Party to be held in Liverpool next week. They assert the party may split and that there may be formed an Independent Conservative party of which it is hinted Andrew Bonar Law, formerly Government leader in the House of Commons, would become the head. "He will return to active politics at the next session of Parliament," The Times said to-day that in the event of a split in the Unionist majority of the Unionists would still follow Mr. Lloyd George, who, retaining the loyalty of the coalition Liberals, would thus become the chief of a centre party.

Another Conference.
The passage of another day without further advance toward an Irish settlement seemed to have increased the pessimistic views held by many political writers of London newspapers. The Daily Mail, however, refused to abandon hope. It is said that if the present conference should collapse it was believed another session would be arranged.

AMERICAN C.S. TO VISIT STATES

At Burial Service for Unknown Warrior

To Express Sentiments of This Country's Soldiers

Toronto, Oct. 28.—The oldest living descendant of the Unknown Soldier, Sergeant G. Richardson, of Toronto, will pay homage on behalf of the soldiers of Canada to the Unknown American Soldier upon his return to the States. The highest honor toward of the British Empire, this being the first occasion the Cross has been bestowed upon a Canadian soldier, will be marked by the presence of the Unknown Soldier's remains in the Arlington National Cemetery November 11 and on behalf of the United States, Sergeant Richardson will attend the burial service in the Arlington National Cemetery.

The G. A. U. V. has appointed as its delegate, Sergeant W. L. Rayfield, V.C., first vice-president of the organization. It is expected the other veterans' organizations will appoint members who are holders of the highest distinction for bravery in the armies of the Empire to make up the escort.

MARSHAL FOCH ARRIVES IN U. S.

To Go From New York City to Washington

Will Attend Convention of American Legion

New York, Oct. 28.—A mighty bombardment of cheers greeted Marshal Foch when he arrived here to-day on the liner Paris to sit with his American "buddies" at their Legion's convention in Kansas City.

Greeted.
New York, Oct. 28.—Racing at top speed, the liner George Washington was expected to arrive at quarantine at 11 o'clock this morning, in ample time to permit General Foch to head the welcoming party that will greet Marshal Foch when the famous generalissimo of the Allied Armies arrives for a tour of America. Marshal Foch's steamship, the Paris, was reported early this morning as nearly 100 miles behind the George Washington. An army tug went down the bay to take General Pershing off at quarantine.

Twelve destroyers went out to meet the Paris and escort her into port. The Marshal will leave late in the day for Washington, where to-morrow he has a luncheon engagement with the President and Mrs. Harding. He will leave Saturday for Kansas City to attend the American Legion convention, after which he plans an extended tour.

1,508 HOUSEHOLDERS ON POLLING LIST

Roll Much Larger Already Than Last Year

There were 1508 householders on the city voters' list at noon to-day, according to figures compiled by City Clerk E. W. Bradley. Of these 1151 registered at Mr. Bradley's office, while the remaining 357 were on the list last year and merely were required to sign the list to-day.

The following statement has been issued by Mark W. Graham, President of the Kiwanis Club, in connection with the Gyro Club's Get-a-Vote campaign:

"If you are on the civic voters' list get your friends to 'Get a Vote.' Telephone them; put the matter up to them when you meet them on the street. They are all faced by 'Get a Vote' cards in the store windows; and they are appealed to in the press; and if they belong to a semi-public organization they probably are urged through that agency to become enfranchised. This campaigning should be backed up by personal solicitation of friend by friend. With the 'Get a Vote' idea a popular sentiment continually expressed, the slacker will find weak excuse drowned out by the people's cry for a more widespread fulfillment of civic duties one day the most important of which is the exercise of the franchise."

**CHANGE IS MADE
IN QUEENSLAND**

Legislative Council is Abolished by Legislature

London, Oct. 28.—A Reuter cable from Brisbane says the bill abolishing the Legislative Council of the State of Queensland has been passed by both House of Parliament, the Legislative Council and the Legislative Assembly.

The administration of Queensland is vested in a Governor and an Executive Council acting with the two Houses of Parliament. The Council, which is to be abolished, consists of an indefinite number of members nominated by the Governor. The Assembly is an elected body of seventy-two members.

SAYS LABRADOR BELONGS TO CANADA

Editor of Canadian Law Times Gives Opinion

Newfoundland Merely Has Administrative Control

Question to Come Before Privy Council

Winnipeg, Oct. 28.—The contention that Newfoundland can have any claim upon Labrador was disputed here to-day by Bram Thompson, barrister, of Regina, editor of The Canadian Law Times.

Mr. Thompson stated Newfoundland had never been given any rights of ownership to any part of Labrador, but was, "as a matter of administrative expediency, given administrative control of the country."

He further stated that the whole of Labrador rightly belongs to Quebec. The question will shortly come up before the Privy Council. Sir Patrick McCreath, a Newfoundland statesman, is at present in this city looking into the archives of the Hudson's Bay Company for information regarding the Labrador boundary.

MAINLAND HAS HAD DOWNPOUR

Heaviest in Years, Says Vancouver Engineer

Bridges Swept Away by Rising Streams

Vancouver, Oct. 28.—City Engineer Fyfe reports that the heaviest rainfall in many years has been recorded in the last twenty-four hours. Owing to this downpour the water in Seymour Creek has risen eight feet and is over a concrete wall built last year. The telephone wires communicating with the waterworks at Seymour Creek are down.

This first snow of the season has fallen at the 2,000 foot level in the hills around the intake. There are 19 inches of snow on the divide at the 4,000-foot level. At the 3,000-foot level there is a mantle of snow 18 inches deep.

City Engineer Fyfe expresses the fear that the heavy rains and the melting snows will cause floods.

North Vancouver.
North Vancouver, Oct. 28.—North Vancouver is experiencing the worst flood known in this district for fourteen years. The water has risen eight feet and is over a concrete wall built last year. The telephone wires communicating with the waterworks at Seymour Creek are down.

Traffic Suspended.
Port Coquitlam, B. C., Oct. 28.—Traffic to New Westminster is suspended this morning owing to floods in the Coquitlam River. The Canadian Pacific road bridge over the river here is threatened by a huge jam of logs and debris at the eastern end. Dynamite may be necessary to dislodge it. The Grey-Tire Company's plant is entirely surrounded by water, poolroom proprietors near the Agricultural Hall are shifting their equipment to higher ground, and the C. P. R. roundhouse is the only oasis in an island of water. The river, as it is now, rose with great rapidity during the two days of steady rain. It is its uncommon height about the residents to do a sudden shift. Several homes on the north side are partially flooded.

Lost Battle.
Budapest, Oct. 28.—Charles Hapsburg is believed to have lost the chance to occupy the Hungarian throne because of his unwillingness to order bombardment of positions held by university students who barred his path at Budapest for two hours last Sunday morning. Hungary's fate hung in the balance during that time, it is asserted here.

The students had entrenched themselves along a ridge of hills and received forces supporting Hapsburg with a hot machine gun fire. Military leaders of Hapsburg's expedition reported that the students position must be bombarded.

"I am sorry for the poor boys," he is quoted as saying. "Try to persuade them resistance is hopeless."

Parleys began but in the meantime Government troops were hurried forward and occupied the ridge held by the students. As a result it was found when Hapsburg gave the order to attack that the battle was already lost.

TORONTO INVITES LLOYD GEORGE BEATTY AND HAIG

Toronto, Oct. 28.—"We hope to have Premier Lloyd George, Earl Beatty and Earl Haig in Toronto in November," Mayor Church stated to-day. "We may possibly have Marshal Foch also," he added.

HAWKER NOT SERVING SENTENCE

H. Bottomley's London Case and a Pamphlet

London, Oct. 28.—(Canadian Press Cable)—Horatio Bottomley, M. P., yesterday finished two and a half days in the witness box under cross-examination concerning his prosecution concerning Bigland for criminal libel, arising out of a pamphlet in which it is alleged Bottomley was accused of fraud in connection with his Victory Bond Club.

Bottomley was again questioned concerning Bigland's visit in the early morning to him when he was in bed. On that occasion Bigland, testified the witness, said something about a contract for extracting petrol from water and asked for financial assistance. Bottomley refused assistance and Bigland then mentioned Colonel Grant Morden and others whom he said he would see. In order to get rid of him Bottomley said he told him he had better go and try the people he named.

OIL AREAS WILL BE DEVELOPED IN CZECHO-SLOVAKIA

Prague, Oct. 28.—Contracts giving the Standard Oil Company of New Jersey exclusive rights in developing oil territory throughout the greater part of Czechoslovakia have been approved by the Cabinet. This firm is a subsidiary of the Standard Oil Company of New Jersey.

ASK HAPSBURG BE HANDED OVER

Little Entente Nations Send Note to Hungary

Time Limit Put at Thirty-six Hours

Czecho-Slovakia to Confiscate Estates

Prague, Oct. 28.—Charles Hapsburg must be surrendered to the Little Entente within thirty-six hours under the terms of an ultimatum from the members of this combination of states which it has decided to present to the Hungarian Government in Budapest. Deputy Machoch declared the ultimatum would be presented to-day.

Leaders of the political parties in the eastern districts of the country have decided the Government will introduce a bill in Parliament deprecating confiscation of estates owned by Count Julius Andrássy, Deputy Rakovsky and Count Albert Apponyi located in the Czecho-Slovakia.

As a precautionary measure martial law has been proclaimed in the eastern districts of the country, although perfect order prevails.

In Abbey.
Budapest, Oct. 28.—British French and Italian military commissioners in Hungary visited the Benedictine abbey of Tihany yesterday and later made official affidavits that Charles Hapsburg and his wife were lodged there. The abbey is surrounded by iron.

Hungarian aristocracy involved in the conspiracy to place Hapsburg on the Hungarian throne is now engaged in a bitter fight in the political arena. Small landowners and the landed aristocracy are arrayed against each other in a conflict which is expected to result in stormy scenes in the National Assembly in the next few days.

Supplies Had Gone Through to Russia.
Lachute, Que., Oct. 28.—The Laurier navy, consisting of the Rainbow and the Niobe, stationed on the Pacific and Atlantic coasts respectively, had prevented Victoria, Vancouver, Prince Rupert and Halifax from being bombarded by the German fleet in 1914, declared Hon. J. L. Maclean, speaking here yesterday afternoon at a Liberal convention in justification of the Laurier naval policy.

Supplies had gone through to Russia from British Columbia, he said, because Laurier had had the good sense to defend the Pacific coast with Canadian ships.

ONTARIO JURY ACQUITTED WOMAN

Stratford, Ont., Oct. 28.—Mrs. Margaret Stryker was acquitted last night of a charge of poisoning her husband, William Stryker, July.

Mr. Justice Lennox said that while the evidence had pointed strongly to guilt, the jury had done wisely in reaching the verdict.

The only exception lies in the case where the would be voter is indisposed, when his employer or a relative may perform the office for him, under certain safeguards.

FIRE DAMAGED BIG ELEVATOR IN MONTREAL

Montreal, Oct. 28.—There were 3,049,387 bushels of grain in the Harbor Commission elevator which was slightly damaged by fire following an explosion yesterday, this being one of the largest elevators in the world. Grain damaged by water will be drifted out.

One woman had to be carried off the William B. Hall, collier from Erie, Pa., when fire broke out aboard the ship last night and badly damaged the cabin.

HON. W. MITCHELL NAMED CANDIDATE

Quebec Treasurer Asked to Stand for Commons

Nominations Made in Several Ridings

Montreal, Oct. 28.—A largely attended Liberal convention last night unanimously chose in his absence Hon. Walter Mitchell, Provincial Treasurer, as Liberal candidate in the Federal election for the Division of St. Antoine. His decision is expected to-day.

KASHIMA WILL DOCK TO-NIGHT

Japanese Conference Delegates Are Coming

Regulations Suspended to Permit Clearance

Governor and Premier and Others to Meet Party

The Nippon Yusen Kaisha liner Kashima Maru, with Prince Tokuhisa and the Japanese delegation to the Washington disarmament conference on board, will reach William Head at 9 o'clock to-night and will immediately be given a clearance releasing her from quarantine. Word of the decision to suspend the quarantine regulations in the case of the Kashima Maru reached the city yesterday afternoon, and Capt. K. Itsuno, commander of the inbound Japanese liner, was at once notified by radio that his ship would be permitted to pass.

The order was given the ship's engineers for "full speed ahead" and nothing but fog will now stop the Kashima.

Activity at Docks.
There will be unusual activity at the Outer Docks to-night when the big Japanese liner comes alongside. His Honor, the Lieutenant-Governor, Premier John Oliver, members of the Provincial Cabinet and representatives of public bodies, will be at the dock to welcome the distinguished Japanese delegation.

Japanese Consul K. Saito is in the city to-day to meet Prince Tokuhisa and his party.

Seattle Delegation.
An important delegation of thirty persons from Seattle and Tacoma will arrive this afternoon by the outboard N. Y. K. liner Katori Maru from Seattle. This party will include Louis Hart, Governor of the State of Washington, and Mayor Caldwell, of Seattle.

Capt. James S. Gibson will be at the head of the Seattle party coming to welcome the Japanese trade mission members of which are passengers by the Kashima.

The Kashima Maru should expect clearance following her arrival at William Head.

It is probable that Dr. H. Rundell Nelson, head of the quarantine service, will board the liner at William Head and come up to this port aboard her, in view of the lateness of the hour of arrival.

Alongside By 10.30 P. M.
The Kashima Maru should be alongside the Outer Docks here by 10.30 o'clock to-night.

As she has only a small amount of freight for this port the liner may get away by midnight for Seattle.

DR. SIPPRESS IS HOME FROM TOUR

Finds Unemployment General in Europe

Has Attended Three Important National Meetings

Rev. Dr. and Mrs. Sippress returned home yesterday from the East after an absence from Victoria of three months. During that period Dr. Sippress had traveled over twelve thousand miles and attended the third World Brotherhood Congress in Prague, the Fifth Ecumenical Conference of Methodism in London, England, and the annual meeting of the Methodist Mission Board in Toronto.

Dr. Sippress will occupy the pulpit of the Metropolitan Church on Sunday and will speak in the morning on "World Methodism and the evening on "World Brotherhood." These two messages from a world outlook he believes, will prove of great public interest.

Conditions in Europe.
Speaking of conditions in Europe Dr. Sippress said to The Times: "I have traveled through Czechoslovakia, twice through Germany, and somewhat extensively in France and England, and in many respects the conditions in the Motherland are more unsettled than in other parts of Europe, save perhaps Ireland. While each European country has its own unemployment problem, such as is especially aggravated in Germany every industry appears active and all the chimneys are smoking, while in Sheffield a great manufacturing centre by the factories are shut, and are not accepting contracts."

On the Continent.
This seems in part due to the uncertainty on the part of manufacturers of the stability of labor. On the other hand Germany has scarcely any unemployment problem and is flooding England with German products. Her people are down to work and intense cultivation of all her resources seems to be manifest everywhere. Belgium and France are gradually recovering from the war in certain sections, but still in very large areas desolation is present and that almost to despair. In the section about Ypres, Arras and Cambrai ruins abound where once were prosperous and smiling villages and as yet the French peasant has neither the means nor the heart to go forward in the reclamation of the desolate country.

The British Government is making great and commendable progress in putting in order the graves of British and Canadian dead, and will continue to do so until the work is complete," Dr. Sippress said.

NOT UNANIMOUS ON DISINCORPORATION

Alberni Opinion Divided on Question of District's Future

Alberni, B. C., Oct. 27.—A public meeting was held in the municipal office last week for the purpose of hearing what had been done regarding disincorporation.

Mayor Huff told of his visit to Premier Oliver, and endeavored to explain negotiations up to date. Owing to the smallness of the hall the meeting passed a resolution unanimously to adjourn and meet at a later date in a hall capable of holding those interested, and who might wish to attend.

The municipal hall only has seating accommodation for about eighteen, and there were in the neighborhood of one hundred people, who turned out to hear what had been done, consequently the greater number had to stand outside in the pouring rain.

A number of very pointed questions were asked by members of the audience, some of which were answered satisfactorily, and others were not judged by the expressions heard at the meeting, and afterwards on the street corner.

In the meantime the Board of Trade of Alberni has protested against any further action in the matter until all the facts relative to the matter are given to the ratepayers, and have forwarded a petition to-day to Premier Oliver, signed by practically every business man qualified to do so, as well as by a large number of the resident taxpayers.

BANK OF ENGLAND'S WEEKLY STATEMENT

London, Oct. 27.—The weekly statement of the Bank of England shows the following changes:

Total reserve decreased £235,000, circulation increased £232,000, bullion decreased £23,485, other securities decreased £4,221,000, other deposits increased £4,469,000, notes reserve decreased £1,260,000, Government securities increased £7,860,000. The proportion of the bank's reserve to liabilities this week is 13.11 per cent; last week it was 13.51 per cent. Rate of discount, 5 1/2 per cent.

A. PAULSON GIVEN DEATH SENTENCE

Vancouver, Oct. 28.—Alexander Paulson, a young Russian, was found guilty last night of the murder of W. F. Paulson, a local businessman, who was shot in a holdup here last April. He was sentenced to be hanged January 25, the day on which his accomplice in the holdup, Allen Robinson, will go to the gallows.

Paulson gave evidence in the trial of Robinson against his partner. In consideration of this the judge consented to recommend him to Ottawa for a pardon.

SOUTH DAKOTA MURDER CHARGE

Lead, S. D., Oct. 28.—A request for the apprehension of Andrew Rolando, a twenty-two year old man, was sent to the chief of police of the country today by the state's attorney. It was announced at police headquarters here to-day, Fred Westgate of the state sheriff's office at Pierre, S. D., who made the announcement, said Rolando was wanted in connection with the death of Rev. Father A. D. Belknap, a Roman Catholic priest, murdered here last Wednesday morning.

TWO MINERS WERE RESCUED

Britannia Beach, Oct. 28.—Two miners were rescued alive last night from a shaft at the 2,300-foot level in the copper mine here after exactly a week in their living tomb.

The men, Francis Pateneau and L. P. Craig, were working in the narrow shaft Thursday evening last week when a rockslide closed the mouth of the shaft. A little food, a trickle of water and air from a tiny aperture near the top of the shaft kept the men alive while their work mates slaved day and night to remove the obstruction and set them free.

The last boulder was removed at sundown yesterday, and the rescue gangs entered the shaft.

Craig and Pateneau were sent to the hospital and are reported to be doing nicely.

Vancouver Woman Had Suffered Fifteen Years, But Is Now Like Different Person

"I will always praise Tania, for it came to my rescue when I was in desperate need of help," said Miss Jennie Govan, of the Alberni Poultry Farm, Vancouver, B.C.

"For fifteen long years my liver was out of order, and it affected my whole system. I had no appetite and my digestion was so bad that I suffered untold agonies at times from gas forming on my stomach. My complexion was sallow, and I don't believe anybody on earth ever had such awful headaches as I did."

"I never dreamed it was possible for a medicine to do what Tania has done for me. My appetite has picked up wonderfully, my stomach is in good condition, and I'm gaining in weight and strength every day. There is truly a world of difference in the way I feel now and the way I felt before I took this grand medicine."

CRERAN SPOKE IN SUSSEX, N. B.

Objected to Meighen's Style of Attack

Sussex, N. B., Oct. 28.—Hon. T. A. Creran, leader of the National Progressive Party, addressed a meeting in this town in the constituency of Royal yesterday.

Speaking of the tariff, Mr. Creran asked why the New Brunswick farmer should be called upon to pay more for his fertilizer and milking machine in order that a few manufacturing plants might be established here and there.

"What is the use of it?" Mr. Creran asked. "Is it not a good thing to supply the farmer with a fertilizer as cheaply as possible and thereby help him to raise and sell a large crop?"

If one went down to the vitals of the question, protection was a form of state socialism, he said.

Answers Meighen.

Dealing with speeches made by Premier Meighen, Mr. Creran said: "This miserable campaign of questioning the loyalty of your opponents is worse than the Toryism of the middle ages. Our opponents must be very barren of arguments if they have to embark on a campaign of that sort, as it shows they are fighting a losing cause."

Mr. Creran took up reports of a secret alliance between himself and Hon. W. L. Mackenzie King, leader of the Liberal Party. They were, Mr. Creran said, part of the campaign of misrepresentation.

"From first to last," he added, "they are a tissue of misstatements—I was going to say a tissue of falsehoods—and that would not be too strong a word to use."

"What are the evidences?" Mr. King is being opposed by a Progressive candidate in North York; I am being opposed by a Liberal in my own division of Marquette. Does that look as though there was a bargain between Mr. King and myself?"

Mr. Creran again challenged the Meighen Government to give the source of its campaign funds.

LIQUOR ARREST IN SAN FRANCISCO

Authorities Say They Have Unearthed Ring

San Francisco, Oct. 28.—The arrest of W. J. Harrington, a cafe proprietor by Federal authorities here, is said by the authorities to have disclosed information that he is the head of an alleged liquor smuggling ring that has brought whisky valued at more than \$200,000 into this state from British Columbia. Robert H. McCormack, Assistant United States Attorney-General, said the grand jury evidence against Harrington showed that he aided in directing the operations of a ring of supposed whisky runners who brought liquor from Vancouver, B. C., to Half Moon Bay, south of San Francisco, and San Luis Obispo.

Tom Murphy, owner of the motor boat "Tree Mountain," testified before the grand jury that he had used the boat to bring Canadian liquor from a point three miles off the American shore, near Vancouver, to California points, McCormack said. Fishing boats also were utilized by the alleged ring, he said.

ROTARIANS AND DISARMAMENT

Winnipeg are Urging the Rotary Clubs of the World to Hold Special Meetings

Winnipeg, Oct. 28.—The Rotarians of Winnipeg are urging the Rotary Clubs of the world to hold special meetings between November 7 and 11 in support of disarmament. The local executive has communicated with Dr. Crawford McCullough, international president of the Rotary, and has asked him to send out a call to Rotarians the world over to hold disarmament meetings.

MEIGHEN HEARD IN NORTH BAY

He and Others Addressed Ontario Audience

North Bay, Ont., Oct. 27.—Premier Meighen, Hon. R. J. Manion, Minister of Soldiers' Civil Re-establishment, Hon. L. P. Normand, President of the Privy Council, and C. B. Harrison, National Liberal and Conservative candidate in Nipissing County, in which North Bay is situated, addressed a meeting here to-night.

No arrangements had been made for an overflow meeting and so a number of people were unable to hear the speakers.

In the course of his speech Premier Meighen dared his political opponents in Quebec to quote his own race.

"My effort is, and shall be, to bring about union and good feeling among the races," he said.

"Whatever the methods of those politicians, I do not propose to follow in their footsteps," he said.

He went on: "My effort is, and shall be, to bring about union and good feeling among the races."

ELECTION GAVE INDECISIVE RESULT

Not Known Who Will Form Swedish Ministry

Christiania, Oct. 28.—The general election Monday gave no party a clear majority and it is impossible to predict which party or bloc will form the new Cabinet for the new Storting which is to meet in February.

Out of the 150 seats, the Conservatives, running on an anti-prohibition platform, and giving support to the Government policy of maintaining war-time restrictions, obtained 56 seats. The Communists, following the Moscow programme, obtained 29 seats. The Radical left, the biggest party in the old Storting, had their 49 seats reduced to 39. A woman, Miss Karen Platou of Christiania, was elected for the first time.

CANADIAN BONDS SOLD IN NEW YORK

British Columbia Issue Among Provincial Sales

New York, Oct. 28.—(Canadian Press)—Canadian provincial bonds were sold here yesterday. The issues before the public aggregated more than \$5,000,000 and will yield around the six per cent figure.

All the bonds thus offered are payable in New York funds. Bankers say the proceeds of such issues are sent to Canada immediately by the procedure of purchasing Canadian exchange here and that this is one reason for the recent strength of Canadian exchange.

An issue of \$2,750,000 Province of Manitoba twenty-year six per cent bonds is offered by Dillon, Read & Company at 98 1/2 to yield 6.03 per cent. This is the second half of a block of bonds of the same Province offered in the New York market. A syndicate headed by Kissel, Kinnear & Company yesterday offered at par an issue of \$1,800,000 Province of Nova Scotia fifteen-year bonds, and Dillon, Read & Company offered \$8,000,000 British Columbia twenty-year six per cent bonds at 98 3/4, yielding 6.10 per cent. Both offers have been fully subscribed.

VETERANS URGE AMALGAMATION

Army and Navy Veterans Pass Resolution

Toronto, Oct. 28.—The Army and Navy Veterans, in convention here, have formally endorsed the policy of amalgamation of all veterans' organizations. The resolution to endorse amalgamation did not pass unanimously but the sentiment was overwhelming.

One clause of the resolution reads: "That we go on record as being absolutely in favor of amalgamation of all ex-service men, provided, however, that no class distinction shall exist in the proposed new body and provided that it be non-political, non-partisan and non-sectarian."

The resolution authorizes the incoming board of directors to carry out amalgamation on the lines laid down if the opportunity offers.

Lord Byng was elected honorary patron of the association and W. J. Tupper, Winnipeg, a past president, was elected honorary president.

The other officers include: President, Major M. J. Crehan, Vancouver; third vice-president, Benjamin McLeish, Lethbridge; directors, C. E. Lake, Brandon, for Manitoba; W. Moore, Saskatoon, for Saskatchewan; Holmes Jowett, Lethbridge, for Alberta; and H. D. Twigg, Victoria, for British Columbia.

CLASS GOVERNMENT OPPOSED BY KING

Liberal Leader Spoke in North York

Sutton, Ont., Oct. 27.—Hon. MacKenzie King, leader of the Liberal Party, addressed a meeting to-night in this town, which is in North York, the constituency in which Mr. King is a candidate for the House of Commons.

Speaking of the Farmers' movement, Mr. King said R. W. E. Burnaby, their candidate in North York, was standing for class government. The movement, Mr. King asserted, was not in the real interests of the farmers themselves. If the agricultural interests were to secure legislation important to themselves, it was essential they have the good will of all classes, both town and country. To secure results, all must combine against the common enemy.

"I think it is an injustice to the farmers themselves," he said, "to have it appear they are seeking special privileges through class rule."

That amounted to nothing more than Toryism, he said.

Besides Mr. King, the candidates in North York are R. W. E. Burnaby, United Farmers of Ontario, and J. A. M. Armstrong, for the Meighen party.

SOLDIER SETTLERS ARE OPTIMISTS, MENZIES DECLARES

Says Men at Merville Want to Make Good, But Need Aid

Comox Member-Puts in Plea For Island Farmers

The Rev. Thomas Menzies, Independent member for Comox, speaking in the debate yesterday, told the Legislature that he hoped there would be no more experiments in land settlement colonies carried on as the Merville colony has been.

"We have hopes that the majority of men there will make good," Rev. Mr. Menzies said. "They are not physically as strong as they were, I am not going into their personal affairs, but some of them need assistance. If we can keep the men on the area and assist them to make their farms productive, they may be able to pay off their indebtedness. But we cannot do this under the present policy of the Land Settlement Board."

Besides giving immediate assistance to the men, Mr. Menzies declared, the Board must defer the first payment required from them for at least five years as "there is not one settler who will be able to finance himself during this winter and pay that which is due on his stock and cows and horses bought on their notes."

Want to Make Good.

"But yet these men are optimists," he went on. "They want to stay on their farms and they want to make good."

Mr. Menzies said that he had the assurance of the Minister of Public Works that he had seen fit to make a grant to this area to improve roads and open up new ones and in this way provide work necessary to tide the settlers over the winter.

Mr. Menzies said that out of the 14,000 acres bought by the Board at \$5 an acre for the settlement, 6,000 acres were wholly unfit for agricultural purposes, yet the cost of this unsuitable property had to be spread over the rest of the land. He declared that judgment was shown in buying the 6,000 unfit acres.

Dealing with the land clearing, he said the contract was given to Jones and Rant on a 5 per cent commission on all the money spent by them in clearing the area.

Ship's Anchor on Job.

"Among the things sent up to Merville to clear the land was a ship's anchor," Mr. Menzies said. "No one knows why it should be sent up there to clear the land. It may have been for Jones and Rant anchoring the job or for anchoring settlers on the land or as a gin pole for anchoring stumps. Anyhow, the anchor is there."

Mr. Menzies said that during the latter part of the operations it cost \$400 an acre to blow and pile stumps and this did not include ploughing the land to make it fit for cultivation. It would take \$100 an acre to make much of this land fit for the plough, he said.

Cleared Worst Strip.

He declared that although the worst strip of land to clear was along the Island Highway, this had all been cleared so that people passing along the Highway can see the whole thing and get the idea that there was great activity and prosperity in the settlement.

So far, according to figures he quoted there were 115 farms occupied, 126 tracts of land cleared and the whole thing had cost more than \$500,000.

Had to Pay More for Lumber.

Mr. Menzies said settlers objected to having to buy their lumber from the Eskine and May sawmill on the area, where the lumber cost them \$5 a thousand more than what they could buy it from outside mills at. He declared that the co-operative store there under the Board had bought supplies from certain firms although he knows that quotations from a Victoria concern, for instance, were lower. "The reason you can judge for yourselves," he added.

Mr. Menzies urged the Minister of Agriculture to clean the country of cattle affected by tuberculosis and adopt a policy of making a systematic test. He said people were feeling uneasy, as conditions are not as good as they were six years ago and Japanese were coming in with infected cattle subjecting nearby high-priced Jersey herds to contamination. He urged amendments to the sheep protection act to protect the flocks.

Asks Protection From Game.

As for the Game Conservation Board he declared the many persons could not understand why this Board and other Government Boards should be centred in Vancouver, when the seat of Government was in Victoria, where the boards should be so much more accessible. He said that members of the House could see what is going on. He challenged anyone to point out another Province where similar boards were located outside the capital.

Mr. Menzies said that it should not be left to the game clubs of Victoria and Vancouver to frame the game laws. Under present conditions the farmer had no redress. He had to sit and see his crops demolished by deer. He declared that pheasants on Denman Island were so numerous that they have taken to scratching up the potato crops.

Pleas for Mothers.

Mothers' pensions instead of being lowered ought to be raised, he said, and there should be an amendment to the Act whereby a mother once on the list should remain there until she dies or marries. He said it was unfair to stop her pension when the youngest child reached sixteen, as a child that age could not be expected to earn enough to support his mother.

It was difficult to get remission from the Workmen's Compensation Board, Mr. Menzies declared. He told of a Courtenay man who lost a finger and was unable to get compensation although he had paid all his assessments to the Board.

Other Universities Crowded.

Mr. Menzies commended the Government for its efforts to obtain lower freight rates, especially on lumber, as lower rates would mean so much to the industry in B.C. He said it was a good thing to build fine highways connecting the two provinces, but he said that the man who just passes through and who is only in the country for a few weeks.

He asserted that the Department of Education was well conducted and pointed out that B.C. was not the only Province where students are turned

Living Conditions.

"Living conditions in Europe vary. In Germany and Czechoslovakia living is ridiculously cheap, accounted for in part by the low value of the mark and the kronen. In France and Belgium living is somewhat higher, but in England foodstuffs cost considerably more than in Canada. The Irish question and the industrial situation are the two great questions taxing British statesmanship, and a visit to England gives no accurate clue to the future outcome. After a survey of conditions from every possible angle one cannot but admit that it is a privilege at this time to live in Canada, even though there are problems at home that are perplexing."

Missionary Board Work.

In the missionary meeting in Toronto it was discovered that the income of the Methodist Church this year in Missions was the largest in its history, amounting to one mil-

lion dollars, and the outlook for the current year is one million and a quarter. Dr. Sippres attended the meetings of the union committee and is glad to report that great progress has been made. All three churches declared themselves as committed to organic union as soon as the necessary legislation can be arranged, and a committee was appointed to prepare such legislation and to submit the same to the Presbyterian Assembly and the Congregational Union in the coming summer, and to the General Conference of the Methodist Church in the fall. It is anticipated that it will take another year to get

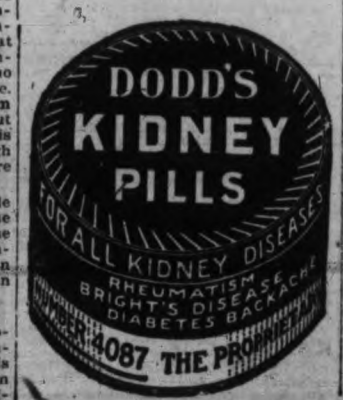

such acts of Parliament passed as are necessary, so that organic union seems possible in two or three years. "That union is imperative is shown not only by the attitude of the negotiating churches only, but also by the fact that 600 churches in Canada are already union churches prepared to enter the united church as soon as it is an actual fact," said the speaker.

Dr. Sippres and Mrs. Sippres returned to Victoria with great pleasure after their continued absence, and are glad to take up their work again. Many persons whom they met in the East are preparing to make Victoria their home, pronouncing it the most beautiful of all the cities of Canada.

SUNDAY CONCERTS
IN EDMONTON

Edmonton, Oct. 28.—That the Sunday concerts of the Edmonton Symphony Orchestra are not a violation of the Lord's Day Act if conducted along the lines indicated by the legal adviser of the organization is the decision reached by Hon. J. E. Brownlee, Attorney-General, and advice to that effect will be given. Mr. Brownlee states that he has decided not to take action to interfere with the holding of these concerts, as asked for by the Lord's Day Alliance, on grounds that they are within the law and do not constitute an infringement of its provisions in regard to Sunday labor.

It takes a lad and a lass to make a match, and often she is the head while he is only the stick.

CHARGED WITH
ATTEMPTED ROBBERY

Montreal, Oct. 28.—Norman Ryan, alias Norman J. Bell, alias Albert Slater, arrested here on a charge of attempting to rob a branch of the Bank of Commerce here Tuesday, is believed by the police to be wanted for bank robbery in Hamilton, Ont., last July. Ryan was arrested with another man who gave his name as O'Hara.

ELK LAKE.

One bright day during the recent Summer a representative of The Times accompanied members of the City Council to its Elk Lake property and took part in a general survey of the watershed. He came away with the impression that the spot in question offered all the advantages for conversion into just the sort of natural playground which Greater Victoria seemed to need. It was his impression and the undoubted impression gained by the general public that if the Municipality of Saanich could be persuaded to forego its right to tax the area in question in the event of its dedication to park purposes there would be no necessity for the City Council to hesitate in its plans. Saanich promptly agreed to show its community spirit by consenting to meet what appeared to be the City's wishes and the general desire of those civic bodies which had interested themselves in the project. The City replied with the suggestion that it could not be expected to bind itself to an agreement that would alienate its property in perpetuity for any specific purposes. Saanich very naturally replied with the intimation that if the City intends to subdivide the area and sell a portion of it the original offer to exempt it from taxation will not hold good. What is the trouble?

CHEER UP!

One only has to study the bank clearings of the current week to realize that conditions in Canada are nothing like as good as they should be. One only requires to look at the European dispatches to recognize that all is not well in the Old World. Unemployment figures in the United States—proportionately more serious than in Great Britain—indicate a troublesome situation there. But there is nothing to be alarmed about. Those who are ready to cry blue ruin should take a leaf out of the book of Charles M. Schwab. He knows conditions about as well as anybody and this is what he says:

"I am not alarmed about business depression. We have been on a great business spree and we are in the cold grey dawn of the morning after. The business depression will place us in a firmer, surer position than before."

There is nothing new in the diagnosis of this captain of industry. He has said what ought to be patent to even those who are always ready to expect rain when the sun is shining brightest. As it is in domestic affairs so it is with international and national business. That genial philosopher Micawber was a good accountant and we shall have to recognize that as long as expenditure exceeds income there always will be a grave danger of arriving at that stage in which our friend Wilkins too often found himself.

"NEWS" FROM RUSSIA.

Strange news comes from Baltic ports and points adjacent to Soviet Russia from time to time and many of the yarns are obviously distorted. Copenhagen furnishes the latest "sensational" and quotes a dispatch from Reval in which Maxim Litvinoff is represented as having said that the Moscow authorities had "informed England and France that the Soviet Government is ready to acknowledge Imperial Russia's debt to foreign capitalists." The same interview is similarly said to have pointed out that it would be necessary to confer regarding ways and means of redeeming the debt. In the absence of an official denial from either Britain or France it is interesting to recall the various subterfuges to which Messrs. Lenin and Trotsky have resorted in confession of the failure of the Soviet system. The renunciation of the

communistic wage system was quickly followed by the relaxation of industrial and agricultural control, the restoration of trading facilities among the peasantry, the desire to trade with the hated "capitalistic" countries, the granting of concessions to foreign industrialists, the general easing of political authority, the plea to the outside world for food to save the lives of millions whose plight had been brought about by "governmental" incapacity, and now the reported decision to acknowledge a debt of honor brings the narrative nearer to its climax. And one day it will be recognized how necessary it will be to remove the handicap on the world's economic fabric which Soviet Russia's condition imposes. To imagine that European reconstruction can go ahead without Russia in the company of nations is to live in a fool's paradise.

NO STRIKE.

Although the people of this country were not directly concerned in the outcome of the threatened railway strike in the United States general relief will have been experienced all over the continent this morning by reason of the announcement that there will be no tie-up. The negotiations which have proceeded during the last two or three weeks indicate a vast difference of opinion between the various Unions affected. Something of the attitude which has taken British Labor by the hand in recent months appears to have reached this side of the Atlantic. There is apparent a more intimate appreciation of the fact that the economic stability of the United States just as much as that of the Old World depends to a large extent upon a more liberal display of reason on the part of the "aristocracy" of Labor. If every individual who toils were as well paid as the average railway worker there would be more travelling in automobiles than there would be in street cars or even railway coaches.

SHOULD GO EASY.

If the Little Entente is well advised it will hesitate to carry out its threat to invade Hungary unless the authorities at Budapest undertake to deliver the wayward Charles into its keeping and pay the cost of mobilizing its forces. Neither Hapsburg nor his wife were any more welcome in Hungary than they would have been in the complainant countries. Admiral Horthy was in no position to prevent the flight which ended so disastrously for the ex-royal passenger; but he took action with sufficient promptitude to show his attitude towards the attempted coup. To add insult to injury by the ultimatum about to be presented looks like poor business on the part of the Little Entente. The Greater Entente may have something to say about it if the demands are pressed with too much vigor.

REGISTER AT ONCE!

Despite the varied means that are being employed to remind every elector of his and her duty the municipal electoral roll which is now being compiled at the City Hall is a long way from complete. Only one week remains in which those who have omitted to carry out this important civic duty may insure the privilege of voting at the municipal elections in December. It should be thoroughly well known by this time that the usual custom of electing ten aldermen for one year has been changed to permit the first five successful candidates to remain in office for a period of two years. But it ought not to be necessary to point to any special feature of this year's election in order to guarantee a fuller electoral roll than has been the case hitherto. The franchise was fought for and obtained in order that the people as a whole might take a definite part in the conduct of public affairs. To ignore that valuable privilege is a confession of dangerous indifference and an insult to those whose sacrifices obtained it.

THE RUDE MAN!

Although he may be able to escape the wrath of the gentler sex in the Province of Ontario it can be set down that if Mr.

Andrew Hicks had told a British Columbia audience that he would not give five cents for the opinion of women on politics he would have required almost as much protection from an angry crowd as did Mr. Lloyd George when he made his exit as a policeman from the Birmingham Town Hall during the early days of the South African war. The context of the speech referred to may have provided the much needed qualification; but the report which comes from Seaford, quotes Mr. Hicks as saying that the best he could say for the women whom he saw at a social function at which he "was a guest was that "they had their ears covered, a couple of straps over their shoulders and some mosquito netting over them." After all the duties of the Ontario Government whip should not blind Mr. Hicks to the fact that the women of this country can take a pride in their personal appearance and still put some politicians in their proper place.

NOTE AND COMMENT

Why not turn Hapsburg over to Jugo-Slavia for safe keeping?

For the twenty-four hours ending at five o'clock this morning Vancouver had slightly under two inches of rain in excess of our donation from Mr. Pluvius. All we can say is that it must have been "some rain."

One of the gentlemen from the United States who was present on the prohibition convention platform the other day says British Columbia will be "bone dry" in twelve months. He could scarcely have taken the experience of the United States as his authority for the prediction.

Speaking on the subject of Anglo-American relations before the Pilgrims Society in New York last night Admiral Beatty said it was not a question of bolstering up an "artificial and man-made alliance, but rather a question of keeping alive the communion which is right and natural between the two nations." What more can be said that is truer than this?

It is said that when the Attorney-General read the names of a long list of popular brands of Scotch Whiskey in the Legislature yesterday afternoon the lips of many in the galleries and on the floor of the House were guilty of that peculiar twitch which has been known to attack a cornet player when compelled to continue his tune in full view of a youth consuming a lemon.

It can be set down at this stage that the Carlton Club will have to discover something more to the credit of Mr. Lloyd George than the settlement of the Irish question or a successful British participation in the armaments conference before it will consent to take him in and treat him to a banquet.

"The stars incline, but do not compel."

HOROSCOPE

FRIDAY, OCTOBER 28, 1921.
(Copyright, 1921, by The McClure Newspaper Syndicate.)

Contending influences mark this day, according to astrology. While Jupiter and Venus are in benefic aspect, Saturn and Mars are strongly adverse. Ebbes and floods of feeling may be experienced by all who are sensitive to planetary influences and for that reason a positive attitude of mind should be maintained.

Trade and commerce should benefit, but there is a sign evil for export interests.

Saturn in evil place gives warning that there will be serious contentions over the resources of the earth and that coal prices will cause a popular protest regarding prices.

That the mineral which furnishes fuel is subject to the most malefic aspects will be proved by continued troubles in the mining industry.

Labor is to be affected by a slighter planetary rule that eventually will bring about changes in industrial organization, it is prognosticated.

There is a sign read as indicating that many novel applications or utilisations of raw materials will be shown in the market places.

The old will have much to overcome in conditions during the Winter, if they survive the rigors predicted for many parts of the country.

The stars declare that self-control will be much preached in the coming months when nervous diseases will be on the increase.

Fatigue is to be recognized as the foundation of much sickness and many mistakes. Conservation of energy is to be preached constantly by scientists, if the stars are read aright.

A recurrence of interest in psychic phenomena and systematic scientific investigation are again presaged by the planetary government.

Persons whose birth date it is have bright prospects for the coming year, but troubles may seem numerous. Children born on this day may have many changes and vicissitudes in life, but they that overcome difficulties will reach the heights.

Mixing Oil and Water.

Meighen Losing Ontario.

Government by Lawyers.

Crerar, the Man of Business.

A Young Man's Fight.

Ernest Lapointe, the handsome giant who succeeded Sir Wilfrid Laurier as member for Quebec East, said in Victoria about a year ago that the men who compiled the name "National Liberal and Conservative Party" had tried to mix oil and water. Fire and water, he added in his inimitable French style, could be combined just as easily as could Liberalism and Conservatism.

Some of Mr. Meighen's colleagues seem to have the same idea. One member of the Meighen Cabinet is undertaking to cut the word "Liberal" clear out of the name of the party. The Manitoba Free Press notes Hon. Edmund Bristol, Government organizer for Central Ontario, attended a meeting of one of the Conservative ward associations in Toronto, and he was told that there was dissatisfaction among the rank and file of the party over the number of

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, October 28, 1896

Sir Charles Hibbert Tupper arrived from the Capital last night. He will represent some of the sealers before the Behring Sea Commission. London—The German Government is profoundly irritated at the disclosures made by Prince Bismarck's newspaper, which stated that a defensive alliance existed between Russia and Germany during the last years that Bismarck was in office.

The City Council will be asked by Alderman John Macmillan to urge the Provincial Government to undertake the building of a railway from the Coast to the mining districts of Slocan and Kootenay, the road, when completed, to be owned and operated by the Government.

Liberal appointments made by the Union Government, and later by the present administration. Mr. Bristol's answer was that, in future, if any but Conservative were appointed as High Court judges or to other important positions in the gift of the Government he would resign immediately.

Ontario is generally regarded as the real battleground of the present Federal campaign. In other parts of the country success is pretty generally conceded to one party or another. Mr. Meighen has been fighting hard to dominate Ontario. During the last few weeks, however, evidence of a tremendous swing towards the Progressive cause is coming in from the constituencies of the Province. The Ottawa Citizen learns. Mr. Meighen's descent to personalities is completely discrediting the Conservative Party, says The Citizen. Moderate Conservatives expect something more dignified from a Prime Minister of this nation. In the meanwhile, Mr. Crerar continues to discuss national issues in vigorous terms, but without being led into personal recriminations with Mr. Meighen.

Even at the Federal Capital, directly under the shadow of Parliament Hill and Mr. Meighen's office, the swing toward the Progressive Party is showing itself. Progressive opinion is as advanced in Ottawa as in any city in Canada. The Citizen declares. It would be no more than appropriate that Ottawa, the capital of Canada, should be represented in the first Progressive Administration, The Citizen thinks. And, it adds, enthusiasm for the cause throughout the country would seem to indicate that the Progressives will have a majority in the next House.

Conservatives are agitated by the thought of a Farmer government. Farmers, on the other hand, are beginning to wonder whether Mr. Meighen isn't the head of a Lawyer government. As The Farmers' Sun points out: "Lawyers number but 1-15th of 1 per cent. of our population, yet they have 25 per cent. of the representation in the Commons, Senate, and Provincial Legislatures. If farmers, who number nearly 50 per cent. of the population, had representation in proportion to the lawyers, they would have 184,000 Members of Parliament!"

"Lawyers too frequently make laws difficult to understand, in order that more lawyers may be required to interpret them. Further, as a class they look backward instead of forward. Precedent means everything to them. If Julius Caesar, or William the Conqueror, or Richard the III. made a decision in regard to a matter, that stands as a precedent for all time."

"Lawyers may be all right in their place, but their place is not in Parliament to the extent of 25 per cent. of our membership."

Crerar, whose business associates refer to him as "Tom" and whose wife calls him Alec, is the embodiment of the farmer in big business. The Star writer asserts, welcoming the Progressive leader to Ontario on his recent speaking tour. And he is without spot or wrinkle or any such thing—which may also be said with much pleasure and no reserve of both his opponents. Like them he is Ontario-born but schooled in the blessed discipline of never-ending chores in the West.

He is not a logic-chopper, as Arthur often is. He is not an orator, as Wm. Lyon Mackenzie King knows how to be. There are no flood tides in his discourse. Beneath all his political thinking is the insistent fact that Canada must have markets, and markets, and more markets, for the products of those natural resources which alone can sus-

tain her greatness. You mayn't agree with him; and he is duly apprised of the danger that lurks in all men speaking well of you. But you can't help respecting him. For, as Sir William Mackenzie nobly says, sincerity is the principal thing.

This is a young man's election. Never before were all the parties chieftain in a general election campaign in their forties, a writer in The Toronto Star points out. But, he adds, political seniority isn't a birthday book affair. The juvenile in years may be aged in trespasses. Pitt died before he was as old as King and Meighen are. King was a cabinet minister at thirty-four. Meighen was solicitor-general at thirty-seven. Crerar was in a cabinet before he was forty-one. By ever reckoning, he is the latest comer in the field; and as he didn't remain in the Union Government two years, he is quite the junior in experience.

TRAIN PASSENGERS WERE SHAKEN UP

New York, Oct. 28.—Postmaster General Hays and a score of passengers on the midnight express of the Pennsylvania lines for Washington were badly shaken up early this morning when the express crashed in a heavy fog into the rear of a local train at the Manhattan Transfer in New Jersey.

COUNTRY BARN DANCE AT ELKS CLUB WAS GREAT AFFAIR

The Elks' barn dance at the club rooms last night was a great success. Upwards of 150 guests were present and a most enjoyable evening was spent. The hall was arranged to represent a barn, the floor being strewn with hay, while the

ladies attired in gingham and the gentlemen in overalls added to the rustic appearance of the surroundings. A splendid supper was partaken by the guests sitting on the floor. The entire arrangements were in the hands of the following energetic committee: Messrs. W. Webster, Percy Raymond, Alex. Feden, Jack Oddy, Gus Brown, R. L. Lochead and Andy Hill. Music was furnished by Perry's orchestra.

Mr. H. C. Bevan, of this city, is leaving shortly on a three-months' trip to England.

Mrs. Frank Higgins, who has been visiting her parents at Clarkson, Washington, for the past six weeks, returned home yesterday.

Mrs. Grant Morden, who has been visiting her parents, Mr. and Mrs. C. Henshaw, Vancouver, for the past few months, is leaving to-morrow for her home in England.

A delightful evening was spent on Wednesday when Miss Irene Phoenix entertained a few friends at her home on Portage Avenue.

The rooms were tastefully decorated for the occasion, which took the form of a marigold tea. The guests included Miss K. Taylor, Miss Wm. House, Mrs. Mark and Miss C. Phoenix.

Mr. and Mrs. Alexander McEwan, of Seattle, entertained at dinner last night in honor of Mrs. R. P. Butchart, of Tod Inlet, V. I., who is their house-guest for a few days.

Mr. Butchart has returned to Victoria from the Sound City, British Columbia, where he has been attending the Garden Club, of Seattle, on "A Color Scheme in Perennial Gardens" at the request of the members.

Of all the merry gatherings arranged for the celebration of Halloween on Monday night, few promises more entertaining for its patrons than a dance to be given by the Kingston Street Lawn Tennis Club at the K. of C. Hall, Government Street. A particularly attractive scheme of appropriate decorations have been carried out, and the ladies are making themselves responsible for an excellent supper. Heaton's orchestra will put the crowning touch of perfection upon the arrangements.

Yarrows, Ltd., Amateur Athletic Association's Social Committee are actively preparing for a dance to be held in the Alexandra ballroom on November 3. Mr. C. Palliser and his assistants are working to make it one of the most outstanding social events which this popular organization has yet undertaken. Particular attention is being given to the catering, and also to the musical programme which is in the capable hands of Mr. Heaton's orchestra. A large gathering is anticipated, and tickets may be secured by telephoning the social representative at 2094 or 4085L.

The Military Five Hundred held last evening by the Princess Alexandra Lodge of the Daughters of England, proved to be a big success. There were in all seventeen tables and some very fine prizes were selected for the winners, who are as follows: Ladies, first, Mrs. Dent and Mrs. Baylis; gentlemen, first, Mr. Goodwin and Mr. Chambers; ladies, second, Mrs. Todd and Miss Adams; gentlemen, second, Mr. Dunn and Mr. Silk, while the ten bid prize went to Mrs. Adams—Mrs. Coleman was in charge of the evening. A serious student of economics and social questions, Mr. Connell is a delightful speaker and his address should prove an intellectual treat as well as an enlightenment upon prevailing conditions. A musical programme is also being arranged.

At Women's Canadian Club Meeting on Tuesday

The Women's Canadian Club at its meeting at the Empress Hotel on Tuesday afternoon next will have the pleasure of hearing an address by the Rev. Robert Connell, M. A., rector of St. Saviour's Church, Victoria West. Mr. Connell will speak on the subject, "The Promise of the New World," dealing with unemployment and other problems. A serious student of economics and social questions, Mr. Connell is a delightful speaker and his address should prove an intellectual treat as well as an enlightenment upon prevailing conditions. A musical programme is also being arranged.

THE SANDMAN STORY FOR TO-NIGHT

LITTLE COON BROTHERS' REVENGE.

"Cut-Cut-Ca-Dah-Cut." Mr. Fox had thought it was a dream, for he had seen in his sleep a fat hen, which he wanted for his breakfast, but when he heard the sound again Mr. Fox jumped out of bed and pulled off his nightcap.

Hurriedly pulling on his clothes he ran out of the house and down the patch and listened. "Cut-cut-ca-dah-cut," he heard.

"It comes from the bushes over there," said Mr. Fox looking toward the opposite side of the path. "I do believe some inquisitive hen has wandered away from the barnyard."

Mr. Fox tiptoed carefully along the path and then dropped on the ground that he might be better able to spring upon the unsuspecting hen, but there was nothing in sight.

"Cut-cut-ca-dah-cut," came faintly down the path. Mr. Fox jumped up and ran lightly over the ground, getting farther and farther away from his home all the time, which was just what the little Coon brothers wanted.

It wasn't a hen at all that Mr. Fox had heard, but the mischievous little Coon brothers who had got Mr. Fox out of his bed by cleverly clucking of perfection upon the arrangements.

When they heard him jump out of bed they ran and hid, and when he came out they ran again, keeping hidden all the time until they had reached the road looking for the hen he was sure he had heard.

He was so intent upon finding his breakfast that he did not notice Mr.

Dog jogging along the road, but the Coon brother knew he was there, for he had seen him run along earlier, chasing Mr. Rabbit and they knew he would come back that way about the time they planned to get Mr. Fox out there.

Mr. Dog was feeling rather downcast because Mr. Rabbit had escaped him, and when he caught sight of Mr. Fox he bounded toward him with every intention of catching him if possible to make up for losing Mr. Rabbit.

Mr. Fox saw him in time to leap over a stone wall and away they went over the fields while the little Coon brothers jumped up laughing from behind a big rock and ran toward Mr. Fox's home.

Now, why do you suppose those mischievous little fellows had played this trick upon poor Mr. Fox? I will tell you. The reason was this: Mr. Fox sometimes he will lie in wait at the edge of a pond or stream and with his paw cleverly hook out a fish.

It happened that the Coon brothers were doing this very thing one day when along came Mr. Fox, but at that minute instead of catching a fish one little Coon brother had himself been caught, for on the end of one paw when he took it out of the water was

VICTORIA DELEGATE RETURNS TO CITY

H. W. Hart Back From Port Arthur Meeting

H. W. Hart, delegate of the Victoria ex-service groups to the Dominion Convention of the G. W. V. A. at Port Arthur recently, returned home yesterday. The entire B. C. delegation advocated immediate amal-

gation, stated Mr. Hart, but the convention decided only on federation of the organizations, with amalgamation left to the Dominion commands of each to investigate.
The gathering lasted from October 17 to October 22; with some 200 delegates, from all parts of Canada, present. Mr. Hart confirmed the telegraphic reports of the various resolutions dealt with at the meeting, and published from time to time as the convention was in session. As the representative of the Victoria branch of the G. W. V. A., Mr. Hart sponsored the following resolution: "Whereas the great and worthy objects of fallen comrades, and of all ex-service men and their dependents, is

THE STORY OF CAROL KENNICOTT
By SINCLAIR LEWIS

A mile from Gopher Prairie the track mounts a curving low ridge, and she could see the town as a whole. With a passionate jerk she pushed up the window, looked out, the arched fingers of her left hand trembling on the sill, her right hand at her breast.

And she saw that Gopher Prairie was merely an enlargement of all the hamlets which they had been passing. Only to the eyes of a Kennicott was it exceptional. The huddled low wooden houses broke the plains scarcely more than would a hazel thicket. The fields swept up to it, past it. It was unprotected and unprotected; there was no dignity in it nor any hope of greatness. Only the tall red grain-elevator and a few tiny church-steeple rose from the mass. It was a frontier camp. It was not a place to live in, not possibly, not conceivably.

The people—they'd be as drab as their houses, as flat as the fields. She couldn't stay here. She would have to wrench loose from this man, and flee.

She peeped at him. She was at once helpless before his mature fixity and touched by his excitement as he sent his magazine skimming along the aisle, stooped for their bags, came up with flushed face, and gloated, "Here we are!"

She smiled loyally, and looked away. The train was entering town. The houses on the outskirts were dusky old red mansions with wooden, frills, or gaunt frame shelters like grocery boxes, or new bungalows with concrete foundations imitating stone.

Now the train was passing the elevator, the grim storage tanks for oil, a creamery, a lumber-yard, a stock-yard muddy and trampled and stinking. Now they were stopping at a squat frame station, the platform crowded with unshaven farmers and with loafers—unadventurous people with dead eyes. She was here. She could not go on. It was the end—the end of the world. She sat with closed eyes, longing to push past Kennicott, hide somewhere in the train, flee on toward the Pacific.

Something large arose in her soul and commanded, "Stop it! Stop being a whining baby!" She stood up quickly, she said, "Isn't it wonderful to be here at last!"

He trusted her so. She would make herself like the place. And she was going to do tremendous things. She followed Kennicott and the bobbing ends of the two bags which he carried. They were held back by the slow line of disembarking passengers. She reminded herself that she was actually at the dramatic moment of the bride's home-coming. She ought to feel exalted. She felt nothing at all except irritation. In their slow progress toward the door, Kennicott stooped to peer through the windows. He shyly exulted: "Look! Look! There's a bunch come down to welcome us! Sam Clark and the missus and Dave Dyer and Jack Elder, and yes sir, Harry Haydock and Juanita, and a whole crowd! I guess they see me now. Yuh yuh sure, they see us! See 'em waving!"

She obediently bent her head to look out at them. She had had her of herself. She was ready to love them. But she was embarrassed by the heartiness of the cheering group. From the vestibule she waved to them, but she clung to a seat in the sleeve of the brakeman who helped her down before she had the courage to dive into the cataract of hand-shaking people, people whom she could not tell apart. She had the impression that all the men had coarse voices, large damp hands, tooth-brush moustaches, bald spots, and Masonic web-chaumes.

She knew that they were welcoming her. Their hands, their smiles, their shouts, their affectionate eyes overcame her. She stammered, "Thank you, oh, thank you!" "One of the men was clanking at Kennicott, "I brought my machine down to take you home, doc." "Fine bustard," Sam cried. Kennicott, and, to Carol, "Let's jump in. That big Paige over there. Some boat, believe me! Sam can show speed to any of these Marmons from Minneapolis!"

Only when she was in the motor car did she distinguish the three people who were to accompany them. The owner, now at the wheel, was the essence of decent self-satisfaction—a baldish, largish, level-eyed man, rugged of neck but sleek and round of face—face like the back of a spoon bowl. He was waving at her. "Have you got us all straight yet?"

"Course she has! Trust Carrie to get things straight and get 'em darn quick! I bet she could tell you every date in history!" boasted her husband.

But the man looked at her reassuringly and with a certainty that he was a person whom she could trust she confessed, "As a matter of fact I haven't got anybody straight." "Course you haven't, child. Well, I'm Sam Clark, dealer in hardware, sporting goods, cream separators, and almost any kind of heavy junk you can think of. You can call me Sam."

anyway, I'm going to call you Carrie, seein' you've been and gone and married this poor fish of a bum medic that we keep round here." Carol smiled lavishly, and wished that she called people by their given names more easily. "The fat cranky lady back there beside you, who is pretending that she can't hear me giving her away, is Mrs. Sam Clark; and this hungry-looking squirt up here beside me is Dave Dyer, who keeps his drug store running by not filling your hubby's prescriptions right—fact you might say he's the guy that put the 'shun' in 'prescription.' So! Well, leave us take the bonny bride home. Say, doc, I'll sell you the Andersen place for three thousand pounds. Better be sellin' about building a new home for Carrie. Prettiest Frau in G. P., if you asks me!"

Contentedly Sam Clark drove off, in the heavy traffic of three Fords and the Minnieapple House Free 'Bus.

"I shall like Mr. Clark. I can't call him 'Sam'. They're all so friendly." She glanced at the houses, tried not to see what she saw; gave way in: "Why do these stories lie so? They always make the bride's home-coming a horror of roses. Complete trust in noble spouse. Like about marriage, I'm not changed. And this town—O my God! I can't go through with it. This junk heap!"

Her husband bent over her. "You look like you were in a brown study. Scared? I don't expect you to think Gopher Prairie is a paradise, after St. Paul. I don't expect you to be crazy about it at first. But you'll come to like it so much—life's so free here and best people on earth."

She whispered to him (while Mrs. Clark considered him away), "I love you for understanding. I'm just—I'm beastly over-sensitive. Too many books—It's my lack of shoulder-muscles and sense. Give me time, dear."

"You beat! All the time you want!" She laid the back of his hand against her cheek, snuggled near him. She was ready for her new home. Kennicott had told her that, with his widowed mother as housekeeper, he had occupied an old house, "but nice and roomy and well-heated, best furnace I could find on the market." His mother had left Carol her love, and gone back to Lac-qui-Meur. It would be wonderful, she exulted, not to have to live in Gopher Houses, but to make her own shrine. She held his hand tightly and stared ahead as the car swung round a corner and stopped in the street before a prosaic frame house in a small parched lawn.

JUBILEE HOSPITAL ANNUAL SHOWER

Women's Auxiliary Appeals for Donations November 30

The Women's Auxiliary of the Provincial Royal Jubilee Hospital held its regular meeting on Wednesday. The change from the last Tuesday to the last Wednesday in the month will please be noted by officers and members.

Those present were Mrs. C. W. Rhodes, president, in the chair; Vice-President Mrs. E. S. Hasell, Treasurer Mrs. Collison, Mesdames Thomas Lee, Seabrooke Young, S. E. Roberts, R. F. Green, R. F. Green, Jr., Umbach, C. F. French, H. H. Scott and Miss Lettice. In the absence of the secretary, Mrs. Hasell was asked to record the meeting.

Mrs. Rhodes in her report of the ball regretted that full returns could not yet be made, but this was unavoidable owing to the difficulty experienced rounding up tickets, but she confidently hoped that there would be a sum of approximately \$1,500 to hand over to the hospital directors. A generous donation of \$100 from the Lieutenant-Governor, \$50 from A. Friend and \$25 from Mr. and Mrs. R. F. Green were gratefully acknowledged, together with donations in cash from the various chapters I. O. O. E. and other associations. These donations had been so generous that it was expected to pay all expenses therefrom, leaving the full profit from sale of tickets to the benefit fund. The meeting recorded gratitude to the musicians of the city, the management of the Empress, the press, and to all those societies who so kindly and gallantly supported the suggestion and enabled the musicians, whose initiative it was, to carry out the idea.

The date for the annual Thanksgiving linen shower was discussed and it was decided that this should be held on St. Andrew's Day, Wednesday, November 30. Small articles such as towels, pillow cases and serviettes are especially needed.

The committee in charge are Reception, Mrs. C. W. Rhodes, Mrs. E. S. Hasell and officers; Linen, Mrs. Seabrooke Young, Mrs. Cecil French, Mrs. R. F. Green, Mrs. Collison and Mrs. Lettice; Music, Mrs. Umbach, Mrs. S. E. Roberts and Mrs. H. H. Scott; Tea, Mrs. A. E. Griffiths, Mrs. R. F. Green, Jr., Mrs. Lee and Mrs. Guillen, who was also welcomed as a new member.

The treasurer reported \$2,450 in the bank.

Mrs. H. D. Robertson, convenor of the Membership Committee, forwarded the following report: "I have much pleasure in presenting my report as convenor of the Collecting Committee. Membership fees are still coming in. I placed in the bank to-day to the credit of the Women's Auxiliary \$29."

Appended is the list of those who were late in sending their dues many of them having been away during our campaign and only recently returned: Mrs. Booth, Mrs. Muller, Mrs. H. M. Davis, Mrs. B. A. Trick, Mrs. L. S. V. York, Mrs. A. P. Stevens, Mrs. C. A. Holland, Lady Barnard, Mrs. G. H. Barnard, Mrs. Hayward, Mrs. Sayward.

In going over the books I find there is still \$400 owing in membership fees. The meeting expressed the hope that all members not having paid their dues to date would kindly do so, at their earliest convenience, to Mrs. Robertson, so that the society can begin the new year with a clean sheet and full membership. A business meeting will be held on November 30, prior to the afternoon's

on the Pacific coast, and it will add very materially to the enjoyment of the community entertainments which are being held every Saturday night under the auspices of the Fifth Regiment C. G. A.

At present, the community features are being held at one end of the drill hall, and the balcony overhead. To-morrow night's entertainment promises to be one of great interest. The Fifth Regiment band will give a concert, beginning at 8 o'clock, and lasting until 12.30, when the other items on the programme will begin, interspersed with band selections.

The basketball game between the J. B. A. A. and the Fifth Regiment teams promises to be a very keen contest, and as the players are all adepts at the game an exciting feature will be furnished in this item.

The Fifth Regiment musicians will also furnish the music for the dancing, and the refreshments will be in the hands of the Esquimalt Chapter of the Imperial Daughters of the Empire.

A very small fee for admission is charged, and the public is invited to promote interest in these community affairs by their attendance.

PRaises Premier MEIGHEN

H. W. R. Moore Speaks in Ward Two, Saanich, for C. H. Dickie.

Premier Meighen is the finest public man Canada has ever had since Sir John A. Macdonald's time. H. W. R. Moore, vice-president of the Victoria National Liberal and Conservative Association, told those attending the organization meeting in support of C. H. Dickie, in St. Mark's Hall last night.

"Get on the voters' list and return to power the safe and sane administration led by Premier Meighen," he said. "No government can boast of a better war record than the Meighen government and the adminis-

tration that led us successfully through the war is the one to lead us through the reconstruction period," said Mr. Moore, who severely scored Hon. Mackenzie King.

Mr. Dickie, the N. L. C. candidate for Nanaimo riding, was not present, but the meeting appointed J. Jones president, and A. Riddle secretary, with an executive consisting of J. Bird and Percy Scholes, and plans for organization of Ward Two, Saanich, were made.

An application from the income tax authorities was received at the Lyric Theatre, Hammonds, demanding a return of authors' fees received from the "Beggars' Opera" during the past year. The letter was addressed "John Gay, Esq." Gay died in 1732.

G. Hall

Henry G. Hall, ex-M. P. P., interviewed by The Times to-day upon his return from London yesterday brought word of condition in the Old Country. Upon leaving here in September last Mr. Hall went to Ottawa where he attended a meeting of the National Liberal committee, of which he is a member.

There was an excellent representation from all provinces, and the feeling of the committee was one of confidence in a good working majority of Liberals in the next Federal House, stated Mr. Hall. Campaign plans were drawn up and will be carried out. Mr. Hall recommended that Hon. Mackenzie King pay another visit to this province and the west, which he understood would follow.

At a Unitarian Meeting
From Ottawa Mr. Hall went to Narragansett Pier, N. J., where he attended a session of the Unitarian Laymen's League there, in session from September 16 to 19, with Charles H. Strong in the chair.

The purpose of the session was to discuss the state of Unitarianism in the world to-day, and plans were drawn up to bring the Unitarian Church into greater prominence by

means of publicity campaigns and addresses to be commenced in the United States, to place the Unitarian views before the public.
In New York, Mr. Hall found the financial interests bound up with their own problems, affected by the extraordinarily high price of money and the low value of securities, being unwilling to discuss other affairs than their own.

Praises Mr. Wade

The work of Agent-General Wade in popularizing Canadian goods in England was praised by Mr. Hall, who stated that the Agent-General was doing good work, but that he was not being sufficiently backed up at certain points. For instance, stated Mr. Hall, this year's exhibit of B. C. fruit was nothing like it should have been, and the same applied to vegetables. This state of affairs was to be regretted, he stated, as B. C. in particular was very popular in England, and many people wished to know more about the Province. Wonderful exhibitions of Canadian fruits and vegetables had been shown by the Canadian National Railway offices in London and by other Canadian enterprises.

The Agent-General had just secured the Admiralty order for the first consignment of Douglas fir to be shipped to England, and was endeavoring to teach the Old Country people the value of the fir. They still called Oregon pine, stated Mr. Hall, but he believed when once the Douglas fir was known, it would outrank even the serious rivalry of Norwegian and Swedish timber.

In Critical State.
The financial and commercial England Mr. Hall found in rather a critical state, in which, however, the worst stood out and all were "carrying on." It was less than the actual cost of the raw material in England. One business man stated that if conditions did not improve and if conditions came to a standstill, progress, Britain could no longer support the 42 millions of people she had been housing in the past. The times were critical for Great Britain in commerce and finance, but the general feeling was that the country would pull through, and become as solid as before.

Irish Question.
Feeling ran high on the Irish question, stated Mr. Hall, and it was the general opinion in the Old Country that Premier Lloyd George had gone as far as any man dared to go, and negotiations now failed he would at least have a solid country behind him in England, Scotland and Wales. Due to bad crops, the condition of the small farmer in Great Britain was none too bright, stated Mr. Hall, and many would have trouble in the winter to come. The season had been backward, but with extraordinary fine weather for the early fall, it registering 44 degrees in one place on October 1.

Manufacturing interests in Great Britain were in hard times, stated Mr. Hall, while Germany was known to be working twelve to fourteen hours a day, materially aided in other European countries by the premium on English money, and the low rate of their own exchange. Transportation on railroads had resumed its normal plane, and there were excellent finances again in motion all over the country.

Upon music and the drama Mr. Hall had little to say, beyond stating that the Gilbert and Sullivan offerings were enjoying a revival of popularity and that the San Carlo Opera Company was now playing to crowded houses in the great metropolis. "The Beggar's Opera" is now on its way to Canada and the United States, and will be seen in Victoria in due course, stated Mr. Hall, who crossed to Canada on the same ship with the company and was much impressed with the company.

DARING RESCUE
IN HEAVY SEA

Rescue of SS. Fukui Maru's
Crew Was Effected Under
Difficulties

Seattle, Oct. 28.—Battered by gigantic seas in a terrific storm, the Japanese steamship Fukui Maru, bound from Seattle to the Orient, plunged to the bottom of the Pacific Ocean 1,200 miles off Cape Flattery last night, after her officers and crew numbering 40 men, had been rescued with extreme difficulty by the steamship West Ivan of the Waterhouse Trans-Pacific Fleet. The wireless reports from the scene of the disaster show that the rescue ranks with the most daring and heroic exploits in the history of the North Pacific.

Mountainous seas, whipped into a wild cauldron by the tremendous storm, made the rescue of the most desperate character, but in spite of the wild upheaval of the elements, every man aboard the Fukui Maru was safely transferred to the West Ivan.

The Fukui Maru loaded in Seattle and Tacoma, sailing from the latter port October 14, with a total of 2,000, 600 feet of lumber, 1,500 tons of wheat and shipments of general cargo.

Early in the week, she encountered the first blow of the storm. The waves became so gigantic and traveled at such speed that they damaged the vessel's bows. It was reported that she had begun leaking and would return to Seattle for repairs. A wireless message from Captain S. Harata, master of the vessel, to A. M. Gillespie, Inc., of Seattle, general agents for the Yamashita Steamship Company, which owned the ship, said, however, that the vessel was not damaged.

Battling against the storm, Captain Harata drove the ship for Dutch Harbor with all her engine power. The storm, however, continued to gain in violence, the wind, it is reported, exceeding a speed of 80 miles an hour, and late yesterday it became evident that the vessel was doomed.

The West Ivan, one of the Shipping Board ships operated by the Waterhouse & Company, in the Seattle-Orient route, went to the stricken vessel's rescue.

Whether the rescue in response to a wireless SOS call or happened along at the psychological moment and saw that the Japanese freighter was sinking, has not yet been definitely established. It is presumed that the Fukui was out a wireless call for help, and that the West Ivan picked it up.

The West Ivan is commanded by Captain Fred H. Pearson, one of the veteran masters in the Waterhouse Company's trans-Pacific service. Details of how he effected the rescue have not yet been received, but the Fukui Maru's men were transferred to the American steamship in one of the most savage upheavals of the elements ever known in that part of the Pacific. The Fukui foundered in latitude 52.29; longitude 155.37. Not a man was lost in the transfer from ship to ship. While the rescue was being made the West Ivan had to battle with the storm on her own account.

News of the disaster was received shortly after midnight in wireless messages relayed from the West Ivan, the messages being picked up by the naval radio station in the L. C. Smith building and the city harbor department station.

Port Arthur, Ont., Oct. 28.—The steamer J. E. McKee, first of the Canadian Government marine fleet to operate on inland waters, arrived from Montreal and way ports yesterday with a cargo of a thousand tons of sugar.

EMPRESS OF RUSSIA
DUE HERE MONDAY

The Canadian Pacific liner Empress of Russia to-day was reported 1,475 miles from Victoria, inbound from Yokohama. The Empress is expected in port on Monday.

PRINCESS MARY
TO GO TO ALASKA

Boat Again Burns Oil and Will
Replace Princess Alice on
Northern Route

Replacing the Princess Alice in the Skagway service, the Princess Mary will leave Vancouver to-morrow night for northern British Columbia and Alaska ports.

The Princess Mary has just completed her conversion from coal to oil, the work having been carried out at the company's wharf here. The Mary left port last night for Vancouver, where she will take on fuel oil before departing for the North. The Mary will replace the Princess Alice on the company's trip to Alaska, but with the completion of alterations to the furnaces of the Mary, the Alice's sailing was cancelled and the Mary substituted.

LUNENBURG HAILS
VICTOR OF RACE

Bluenose Skipper and Crew
Given Enthusiastic Reception at Home Port

Lunenburg, N. S., Oct. 28.—Crowds cheered, bands played, cannons boomed and every vessel, house and public building flew bunting here yesterday when the international fishery cup-winner, Bluenose, came into port from Halifax.

Captain Angus Walters was lifted on the shoulders of fellow fishermen and borne in a procession around the town.

Mayor William Duff, ex-M. P., and others, addressed the gathering and congratulated the skipper and crew of the Bluenose on their victory.

MONTEAGLE AT HONGKONG.

The liner Montague, of the Canadian Pacific fleet, arrived at Hongkong October 24. The liner Empress of Asia was reported arriving at Yokohama on the same date.

Sarnia, Ont., Oct. 28.—Two youths, George and Robert Brown, believed to be from Port Huron, were drowned in the St. Clair River, yesterday when their canoe capsized.

NEW N.Y.K. LINER
WILL SAIL ON MAIDEN
VOYAGE IN NOVEMBER

SS. Hakone Maru is First of
Three Splendid Ships For
European Trade

The liner Hakone Maru, which was launched July 25 from the plant of the Mitsui Shipbuilding Company at Nagasaki, is now practically ready for service, and is provisionally scheduled to sail on her maiden voyage from Yokohama for London, November 25, replacing the liner Kaga Maru. The Hakone Maru will be followed in the European service by the new liners Haruna Maru and Hakozaki Maru. The Hakone Maru will replace the liner Inaba Maru, sailing from Yokohama for London, February 17 next. The Hakozaki Maru will sail from Yokohama on her maiden trip about June 23, 1922. The Hakone Maru and her sisters will be known as the "luxury ships" of the Nippon Yusen Kaisha fleet. Trade especially for the European route they will resemble the Pushimi Maru and Suwa Maru in many respects, but a number of improvements are being made in accommodation and equipment.

The Hakone Maru is 515 feet long with a gross tonnage of 10,500 and a speed of 16 knots. Accommodation will be provided for 120 first class, 56 second class and 130 third class passengers. In addition to being a superb passenger liner, the Hakone Maru will have excellent facilities for handling cargo. Her loading capacity will be 10,000 tons deadweight, and 12,000 tons measurement.

SAYS CHINESE
LAUNDRIES ARE
QUITE SANITARY

Regulations Rigidly Enforced,
Health Officer States

Chinese laundries in Victoria are perfectly sanitary and are operated under strictly enforced regulations, City Health Officer Dr. G. Price declared in a statement issued to-day in reply to assertions made at the Rotary Club luncheon yesterday by Howard Gibson, of The New Method Laundry.
"The by-law under which the laundries work is strict and is rigidly enforced," Dr. Price declared. "Constant inspections of the laundries are made by sanitary inspectors or by myself, and sanitary conditions are made compulsory. I have no hesitation in sending clothes myself to these Chinese laundries as do other city officials."

The Health Department, Dr. Price stated, had knowledge of but twenty Chinese laundries. These laundries, he added, are not allowed to work after 9 o'clock at night; they are forced to keep window blinds open during working hours so that passers-by may have a clear view of the interior; the size of windows is regulated so that there may be proper ventilation; no wooden tubs are allowed; strict rules with regard to drainage are in force; no person affected with contagious disease is allowed to work in the establishments; laundries are not allowed to receive clothes worn by any person who is suffering from a contagious disease; no clothes can be dried in the open air within forty feet of a highway.
The health authorities are empowered to close laundries which fail to live up to these regulations, just as they are empowered to condemn private houses, Dr. Price pointed out. The Health Department does not enjoy such sweeping powers in connection with many establishments, the operation of which affects the public health.

SUFFERING OF
YOUNG WOMEN

This Letter Tells How It May
Be Overcome; All Mothers
Interested

Toronto, Ont.—"I have suffered since I was a school girl with pains in my left side and with cramps growing worse each year until I was all run down. I was so bad at times that I was unfit for work. I tried several doctors and patent medicines, but I was only relieved for a short time. Some of the doctors wanted to perform an operation, but my father objected. Finally I learned through my mother of Lydia E. Pinkham's Vegetable Compound, and how thankful I am that I tried it. I am relieved from pain and cramps, and feel as if it has saved my life. You may use my letter to help other women as I am not a doctor, but I am only relieved for a short time. Some of the doctors wanted to perform an operation, but my father objected. Sets Traffic Limits.—The Saanich Council last night prohibited haulage of loads exceeding two tons, as being extraordinary traffic, upon a long list of gravelled roads easily cut up while wet. Councillor Kingwell introduced the resolution, accompanied by a key list of four roads governing all Ward Five traffic, and this was enlarged by inclusion of streets in other wards.

Illustrated Lecture.—Under the auspices of the Florence Nightingale Chapter, I. O. D. E., Mr. Maynard will give his address on early Victoria and the Cariboo country to-night at the Girls' Central School. The lecture will be illustrated with a number of unique lantern slides, showing the origin of many of the landmarks of this city and historic scenes in the upper country, as well as photographs of pioneers.

Esquimalt P.T. Dance.—All arrangements are complete for the Halloween Dance to be given by the Esquimalt Parent-Teachers' Association, this evening, in the Assembly room of the Lamson Street School. Proceeds will be devoted to the milk fund. Mr. and Mrs. N. Yarow and Mrs. Henry Croft have consented to act as judges for the different children's costumes, for which they are donating prizes. Adults will dance from 8 o'clock until 11.30. All kinds of amusements will be provided for the little ones. Ice cream will be on sale.

Native Sons Meet.—A well-attended meeting of Victoria Assembly No. 1 Native Sons of Canada, was held last evening at 518 Belmont Building. A message was received from the Gyro Club, asking that the Assembly request its members to assist in the "Get a Vote" campaign. The Assembly endorsed the action of the Gyro Club in stimulating civic interest. The Native Sons of Canada in future will meet every second and fourth Thursday in the A. O. F. Hall, Broad Street.

NEWS IN BRIEF

Needed Light Ordered.—The Saanich Council last night decided to have a street lamp placed at the corner of Bay Road and Shelbourne Street.

Wednesday Football League.—The Wednesday Football League will meet at eight o'clock to-night in the Trades Hall, Broad Street.

British Campaigners.—Members of the British Campaigners' Association will hold a meeting this evening at the association's rooms, 201 Union Bank Building, and all members are requested to attend.

Occultism.—At the New Thought Temple, 935 Pandora Avenue, this evening, Dr. T. W. Butler will give a lecture on "The Occult." Admission is free and all students interested in advanced study and investigation are invited to attend.

Cloverdale Ditch.—The Saanich Council was last night petitioned by 55 residents of Cloverdale district to prevent flooding, as experienced last year. Councillor Ormrod secured permission to expend ward money on ditch, centering upon Alder Street.

Refund Church Taxes.—The Saanich Council last night agreed to refund to Erskine Presbyterian Church, Burnside District, \$12.72 of taxes paid this year. Church Secretary T. Rogers pointed out that this church site is now exempt from taxation, and the money had been paid inadvertently.

Canadian Scottish Rifle Meeting.—There will be a meeting to-night of the Canadian Scottish Rifle Association at eight o'clock at Fyvie Bros., 969 Government Street. This is a meeting arranged as a social to wind up the season and to present the prizes won during the Summer season.

To Speak Here.—During the forthcoming campaign for Federal House it is announced that Hon. R. B. Bennett will speak in Victoria on behalf of Hon. S. P. Tominie. The Minister, who has just joined the Meighen Cabinet, is a well known lawyer and politician in Calgary, and had hitherto been an outspoken critic of the administration since he entered the House of Commons.

Traveling to Batavia.—H. C. van den Bylaard, of Doorn, Holland, is at the Empress Hotel en route to Batavia to join relatives there. Mr. Bylaard will travel by way of China and Japan. En route from Holland the visitor traveled much through the United States and Canada, and was impressed with the scenes met with on this continent.

Lighting Gordon Head.—The Saanich Council was last night informed by the British Columbia Electric Railway Co., Ltd., that an extension of its lighting system to Gordon Head is under contemplation. It was proposed that street lighting programme shall be instituted, and the company's suggestion was referred to the council for Ward One and Three for examination.

Sluggert's Drainage Scheme.—Surveyor P. Butterfield last night laid before the Saanich Council plans for a drainage scheme for Sluggert's district, affecting some twenty property owners. The cost was estimated at a minimum of \$3,000, this being for drainage of at least 277 acres. The Council laid the matter over until the property owners concerned can be consulted. The investigation was made as a result of a petition received some weeks ago, which asked for the undertaking of the work under the terms of the Ditches and Watercourses Act.

Penalty Protests.—This penalty business may be fair enough, little tax money will be collected before the end of the year without such a charge, but it is a very unpleasant matter for the staff, said Clerk Cowper to the Saanich Council last night when announcing that already this year over 200 taxpayers had paid additional imposts. Councillors regretted that the wording of the Act gave them no alternative to collecting the impost.

Wanderers Fifteen.—The following will be the team to represent the Wanderers' R. F. C. against the Naval College in the Barnard League game to be played at 3 p. m. at the University School ground, Mount Tominie, on Saturday. H. A. Tominie, back; E. H. Withshire, H. C. Steele, W. E. Huxtable and L. Johnson, three quarters; R. G. L. Parker and B. McMillen, half backs; J. B. Acland, E. H. Pendray, H. Robinson, S. Honchich, E. E. N. McCallum, P. A. Hermon, J. Blyth and A. Kerr, forwards; H. T. S. Hope, reserve.

WOULD WIPE OUT RURAL BILLBOARDS

Jackson Bill Severe in Its Provisions and Penalties

Members of the Legislature to-day learned to just what extent M. B. Jackson, K.C., proposes to go in his bill for the suppression of advertising billboards, when the printed bill was brought down in the Legislature.

Under the Jackson bill it is provided that outside of any municipality "no person shall erect or display or cause or permit the erection or display of any advertisement containing more than four square feet upon real property other than the property upon which the goods or merchandise or products advertised are manufactured or offered for sale, or upon which the business advertised is carried on in whole or in part."

Persons breaking this law will be fined up to \$100 for the first offence and up to \$200 for the second offence. The police are given the right to destroy any billboards in country districts.

REALTORS ADVISE

CITY ABOUT LAND

Suggest Methods for Reverted Property Disposal

Methods of coping with the city's reverted land problem will be discussed when members of the Real Estate Exchange meet the civic Reverted Lands Committee Monday afternoon. Announcement of this meeting was made to-day by Alderman A. E. Todd, chairman of the Reverted Lands Committee, following a long conference with his colleagues this morning.

"The real estate men have some suggestions to make regarding reverted lands and their disposal and we shall be glad to hear their proposals," the alderman explained. At this morning's meeting the Reverted Lands Committee fixed the price of large numbers of properties which have fallen into the possession of the corporation at recent tax sales. Consideration of plans for an auction of this land was deferred.

In City Police Court—C. Nodde, charged with speeding was fined \$15, pleading inadvertence. E. R. Armstrong, for failure to report a motor accident was fined \$5, entering a plea of guilty through Counsel R. C. Lowe. Florence Graham, arrested by Miss Wark and in jail overnight, was charged with vagrancy and remanded to give the defendant a chance to return to her parents in Nanaimo. No evidence was heard.

Two Accidents Yesterday.—Two accidents took place around 8.30 p. m. last evening, the first at the corner of the Gorge and Tillicum Roads, where C. F. Ramsay, 2877 Inlet Drive, collided with a pedestrian, Mr. Robert Albina Street, an elderly man who, beyond a severe shaking, was little hurt. Dr. Williams attended. The second mishap took place at the corner of King's Road and Douglas Street shortly afterwards, in which a motor truck collided with a Hill-side car, losing a front wheel on the right hand side. No persons were injured.

In County Court.—An appeal of the Assizes was heard in the County Court to-day when the defendant in the suit of Seminooff versus Drayman moved for non-judgment, in the matter of a mechanics' lien held on the Drayman house. Mike Seminooff, explained his client, R. C. Lowe, is now in the penitentiary serving a three-year term for burning the Drayman house, and counsel would write to the warden to see if the plaintiff could not sue over for a day in court in this connection. Mr. Sedger appeared for the defendant, Olga Drayman. The matter was adjourned with the understanding by His Honor Judge Lammpan.

I'm So Tired

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills—the best known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 2, King, Ont., writes:

"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

FOUND DROWNED IS VERDICT OF JURY

That the late Mrs. Pendray, of 36 Menzies Street, came to her death by drowning was decided at the inquest to-day at the Thomson Funeral Establishment under Coroner E. C. Hart. The coroner, the jury, C. McArthur, announced a verdict of Found Drowned. Messrs. J. G. Hay, Stevenson, and Mrs. Hopkins gave testimony. The evidence showed that the late Mrs. Pendray, 36 Menzies Street, had been in ill-health for some two weeks, and had gone out of the house early in the morning on Tuesday, stating that she felt unwell, and would take a walk. The lady was missing for some hours, and not found until the body was found early yesterday morning by J. G. Hay, floating in the water off Dallas Road. Her husband, the late Mr. Pendray, predeceased the victim of the tragedy by some ten years, losing his life in an effort to save that of another in the Far North. The funeral took place this afternoon.

OPPOSE PERSONAL PROPERTY LEVY; URGE INCOME TAX

To protest against the levy of a personal tax here and to suggest an equitable income tax as an alternative, members of the Retail Merchants' Association waited upon the City Council in Streets Committee to-day. The merchants declared that the personal property tax was unfair, and in support of this contention, quoted at length statements made by the city delegation of business men who recently met the Oliver Provincial Government to oppose the tax. "Our proposed alternative is that the Government impose an equitable income tax, a share of which to be handed over to the cities and municipalities," said the merchants' statement. It was suggested that one set of returns be used to collect this tax.

AUTO ACCIDENT TOOK TWO LIVES

Salem, Ore., Oct. 28.—James H. Wilson, sixty-two, a retired farmer of Salem, and Miss Ruth Wortham, fifty-four, a colored missionary of San Bernardino, California, lost their lives, apparently from drowning, and Mrs. Wilson, widow of Wilson, is suffering from a crushed chest following an accident in which the automobile in which they were riding capsized over a steep embankment on the Jefferson Road and landed in a shallow creek five miles south of Salem at 12.30 o'clock this morning.

OBITUARY RECORD

The remains of the late Charles Barsh were laid to rest yesterday afternoon in the Jewish Cemetery. Funeral service was held in the B. C. Funeral Chapel, Rev. Dr. Friedlander officiating. Many friends of the family were present and offered a large number of floral offerings. The following acted as pallbearers: Messrs. I. Waxstock, I. M. Nodok, L. Levy, I. Lancaster, W. E. Nachtrieb and H. F. Bishop.

Major Burde, in his reference to Orientals in the Legislature on Wednesday said: "The Orientals get too far. Why, I even saw a calendar in the office in this building announcing that Togo has the best dry cleaning outfit in Victoria."

Last evening at St. Joseph's Hospital, the death occurred of James Edward Wise, aged sixty, beloved husband of Mrs. C. W. Wise, of 1010 Fowl Bay Road. He was born in Niagara, Ont., and came to Victoria five months ago from Honolulu. He is survived by his widow and three children, Merle, Edward and Leonard, of this city, two brothers in Seattle, and one sister in Vancouver. The remains are resting at the Sands Funeral Chapel and funeral arrangements will be announced later.

The remains of the late Mrs. Annie Hearn were laid to rest in Ross Bay Cemetery to-day. The cortege left at 10 a. m. for the cemetery, where Rev. Father Wood conducted Mass at nine o'clock in the presence of many sorrowing friends. The late Mrs. Hearn was a native of Scotland. The Rev. Father Letempe officiated at the graveside in Ross Bay Cemetery. The pallbearers were Mr. P. Paolucci, G. Barton, D. G. Galvin, W. Turner, J. O'Connell and T. O'Connell.

The funeral of the late Robert Scott, who passed away on Monday last, took place from the B. C. Funeral Chapel yesterday afternoon, where service was conducted at the request of the Rev. J. McCoy, assisted by the Rev. E. H. Gray. There was a very large attendance of friends, including many from Gordon Heights district, where the late Mr. Scott had resided for many years. Two hymns were sung, "Rock of Ages" and "Jesus, Lover of My Soul." The beautiful floral tributes covered the casket and hearse. The pallbearers who laid the remains to rest in Ross Bay Cemetery were Mr. J. H. Johnson, P. Merriman, Geo. Deane, W. F. Somers, J. Irvine and R. Russell.

BAY'S JUNIOR TEAM

The following players will represent the Bays in a junior soccer game to-morrow at the Albion grounds, Beacon Hill:

Champion, Belby, Goodacre, Miller, Smith, Hocking, Lumbard, Belford, Allan, Johnson, Jeffries.

Fined For Trespassing—Messrs. Newsham and Huff were fined in the provincial court yesterday for trespassing on Colwood property, being game preserves. The former was fined \$10, and the latter \$20 upon conviction.

In Esquimalt Court—In the Esquimalt police court yesterday four summonses were heard. F. Williams, a farmer, was charged with trespassing on Colwood property, being game preserves. The former was fined \$10, and the latter \$20 upon conviction.

TO BE SENTENCED.
Windsor, Ont., Oct. 28.—Russell Robinson, twenty-five, was found guilty last night of robbery while armed, in connection with the Petite Cote bank robbery last July. Sentence will be passed next week.

STORM IN CENTRAL AMERICA
San Salvador, Oct. 28.—Considerable damage has been done by a tropical storm which for ten days has been raging in Central America. More than a thousand homes along the San Cristobal River near Chapas have been destroyed and much open space has been done to roads, railroads and telegraph lines.

A sufferer went to a dentist to have a tooth extracted, and demanded gas. The dentist waited in a fever of impatience for the patient to "go under," but the sufferer was nervous and insisted on keeping one eye open even though he had taken a vast quantity of gas. Finally the dentist said: "Let yourself go. Close that eye." Then the patient murmured sleepily: "Can't, it's gas."

"Is he a self-made man?" asked a woman, referring to a guest who was receiving a good deal of attention. "Oh, no," was the reply; "he didn't make himself. He made a remarkable discovery, and the discovery made him."

SAYS HALLWRIGHT NOT GIVEN MOTOR

Activities of Agricultural Instructor Brought Up in Legislature

H. E. Hallwright is employed by the Department of Education as district supervisor of agricultural instruction at a salary of \$2,210 a year, but the Department does not at present and never has provided him with an automobile or gasoline, the Hon. J. MacLean said. The Minister of Education, informed the Legislature this afternoon as a result of questions asked in the House by R. R. Pooley of Esquimalt.

Mr. Hallwright is at present spending part of his time teaching in the Victoria High School, his average time there being eight hours a week. Among other things Mr. Hallwright does, Dr. MacLean said, is to supervise home-project work in gardening and seed-growing among boys and girls in Saanich and Victoria. He also conducts outdoor excursion classes in various branches of agriculture, including the study of farm animals, outside of school hours, renders assistance in many different ways to farmers and gardeners in connection with the many practical problems with which they have to deal.

Mr. Hallwright is now perfecting plans for organizing Home Science and Agriculture Clubs in Victoria for boys and girls of school age, also night classes in agriculture held during the four winter months Dr. MacLean said.

The Department pays the salary of Mr. Hallwright although he teaches in the Victoria High School because teaching of agriculture in High School is provided for in the Education Act, the Federal Government under the Agricultural Instruction Act.

Mr. Pooley asked Dr. MacLean whether the school garden on the corner of Stanley Avenue and Vinita Street in Victoria last summer was a fair example of Mr. Hallwright's work, but Dr. MacLean replied that there is no information available. The large number of floral offerings, Mr. Pooley included the usual allowance of \$40 a week for five weeks as assistant instructor to the Victoria Summer School for Teachers.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Oct. 28.—Following Chicago, the local wheat market, which had been showing a little strength all day, was quite steady, but not large. The close was 1 1/2¢ higher. No. 3 Northern wheat was the only one that was wanted, but other grades were not wanted. The market was quiet on the cash market, but there was a little strength at the head of the lake.

Future wheat prices were indicated to be in sympathy with wheat. Oats closed 1/4¢ higher, and barley 1/4¢ higher. Flax was an exception, and closed with a decline of 1/4¢. The market was quiet on the cash market, but there was a little strength at the head of the lake.

LADIES COUNT ON BEST SEASON YET

Thirteen Teams Entered in Sunday School Basketball League Last Night

Several Additional Teams Expected in Before Entries Close on November 28

Thirteen ladies' teams were entered at a well-attended meeting of the ladies' section of the Sunday School Basketball League last night at the Y. M. C. A.

This is the largest entry list ever received in the ladies' section. Three or four more teams are expected to enter before the season opens.

Entries will close on Tuesday, November 28.

Those in Now.

The following teams have already entered:

First Presbyterian, two senior and four "B" teams; St. Andrew's, one senior and one "B" team, and Belmonts, Fairfields, Metropolitans, Knox Presbyterian and Christ Church, one senior team each.

The executive of the Sunday School Athletic League will open the application for admission into the league of the Y. W. C. A. and the V. I. A. A.

St. Saviour's and the Pilgrims are expected to enter the league, but were not represented at the meeting last night.

Fast Play This Year.

The Ladies' League this season will produce a faster class of basketball than any that has been seen here up to date.

Many of the senior teams are strengthening their lines this season, and already the First Presbyterians, Christ Church and St. Andrews have gathered together exceptionally fast teams.

The winners of both sections will compete with Vancouver at the close of the season for the B. C. championship.

The senior section will be for all girls sixteen years and over, while the "B" section will be for those under sixteen.

Games will be played on Tuesday evenings at the First Presbyterian gymnasium.

HUGGINS RELEASE BY YANKS DENIED

Official of New York Club Says Last Year's Manager Will Lead Team in 1922

New York, Oct. 28.—Ed Barrow, business manager of the New York Yankees, yesterday denied rumors that he had been appointed to succeed Manager Huggins as manager of the local American League Club.

Barrow declared that so far as he knew Huggins would be named to lead the Yankees in 1922.

Although Huggins piloted the New York Americans to a pennant in his league and made a good showing in the world series it has been generally known that there is some question about his succeeding himself for next season.

Rumors have connected Barrow's name with that of the management. His denial appears to settle one more rock in Huggins' path, which has not been an easy one since early last spring.

T. DUGGAN'S BID FOR CANADIAN'S HOCKEY FRANCHISE ACCEPTED

Montreal, Oct. 28.—Thomas Duggan, president of the Mount Royal Arena Co., announced last night that he offered for the franchise of the Canadian Hockey Club has been accepted.

The consideration was not made public, but it is stated the bid was in the neighborhood of \$20,000. This was the amount asked on several occasions by the late owner, George W. Kennedy, whose widow has thus disposed of the club.

Mr. Duggan said to-night that he would make every effort to have an ice plant erected at the Mount Royal Arena this season. Definite plans for the club for the coming season will be announced early next week.

The purchase of the club includes equipment, players' contracts and the franchise in the National Hockey League, of which Mr. Duggan will become a director.

'Varsity Athletes Set Up New Records in Mud

Plenty of Class Shown by Students in Annual Track and Field Meet Held in Vancouver "Drizzle"—Buchanan New Champion

Vancouver, Oct. 28.—Records fell like apples in a windstorm at the annual athletic meet of the University of B. C. at Brockton Point on Wednesday. Despite a track that was sodden and a field that was little better than a morass, the student athletes smashed the old marks for the half-mile and mile runs, the high jump and the discus throw.

The individual championship was won by Allan Buchanan, of Arts '24, who collected a total of nineteen points, including three firsts, one second and one third. Second came his class-mate, Garret Livingstone, who won the title last year, but was suddenly taken ill during the course of yesterday's meet and forced to drop out after he had piled up fifteen points. Buckley, of the Agricultural team, was third, with thirteen points. The class title went to Arts '24, which amassed 56 points, more than half of which resulted from the work of Buchanan and Livingstone. Agriculture came second, with 23 points, and Arts '25 third with 12.

The tug-of-war, the only inter-faculty event, was won by the science team, which defeated both Arts and Agriculture in straight pulls.

Buchanan Surprised.

The achievement of Buchanan in winning the individual championship, and with it the faculty cup, was somewhat of a surprise, to nobody more than to that modest athlete himself. Livingstone, who won the cup last year, started off in great style, but rapidly amassed fifteen points by romping home first in the 100, 220, and 120-yard hurdles. At this stage, however, he was seized with sudden indisposition, and was unable to compete in the 440.

Buchanan, meanwhile, had a total point score of four, the result of a third in the shot-put and a second in the discus.

After finding it impossible to get his take-off properly with running shoes for the hop-step-and-jump, Buchanan changed to rubber boots and grabbed five points by taking first in this event. In the pole vault, which followed, he again sprang a surprise, taking another first and bringing his total to fourteen points.

The broad jump was next on the programme, and the fifth event in succession in which Buchanan competed. A good leap of 17.5 feet on the slippery going gave him five additional points and won him the championship by a four-point margin.

The new champion's most remarkable feat was in the pole vault. Although the mark 4 feet 3 inches was far from being a striking one, it was creditable under the miserable condition of the field, and quite remarkable in view of the fact that he had essayed this branch of athletics half a dozen times. He moved a pretty style, and with good coaching should have done yesterday's mark by a couple of feet.

Livingstone Gashed.

Livingstone ran the hundred splendidly on the soggy turf, his time of 11 seconds, while one-fifth of a second before his mark of last year, being excellent under the conditions obtained. In the hurdle event he beat the record time by one-fifth of a second, but the mark does not count, as he tripped over a hurdle.

Kelly, after leading all the way in this event, slipped just before the second hurdle, ran around it, finished second and was disqualified.

In the 220 yard race, which was a fine race, after being pocketed half way around, whizzing past two men on the straight like an arrow, but was unable to beat his record. He fell and gashed his knee badly as he finished.

The first record to fall was broken by Buckley in the 880, when he ran in fourth position most of the way, but in the last lap, he broke through the pack and finished first in 2:20 and finished yards to the good in 2 min. 11 sec.

The same runner staged another fine finish in the 3-mile event, which he won handsily in 17:22, breezing to the tape as if he were running the century.

Hugh Russell, Agriculture, had no trouble taking the high jump, clearing the bar at 5 feet 4 1/2 inches for a record. With decent footing he would obviously have been good for another notch at least.

Doug Rae, Science '23, joined in the record-smashing when he turned in a mark of 5 minutes and 6 seconds for the mile. Rae made the going all the way, but was passed in a grueling finish by Hope, of the Agriculture faculty, who came from behind on the last turn and finished with a wonderful burst of speed. Unfortunately Hope cut in inadvertently on Steacy, who started his sprint almost tripping the latter, and the officials disqualified him although Steacy, who was placed third, waived all claim. The fouling was obvious and undeniable, but the ruling was unavoidable.

The remaining record broken was the discus throw. Cliff Mathers, Science '23, tossing his plate 31 1/2 feet, an exceedingly creditable performance when it is considered that the throwers could hardly keep their footing on the slippery field.

Victoria was ably represented in the meet by Uphall, Bickell and Dickson, former Victoria High School athletes. Although Les Bickell was the only one to get a place, both Malcolm Dickson and Uphall made good showings. Dickson was particu-

"Cub" Rugbiers Will Face Vets In Games Set For To-morrow

Old Boys and Naval College Will Be Given Severe Tests When They Meet Bays and Wanderers; Interest Is Keen As to Whether Youngsters Can Outgame Older Clubs; Intermediates Open.

To-morrow's rugby battles will bring the "cubs" and the veterans together and followers of the game will be able to get some idea of the calibre of the youngsters.

Last week the "cubs" warred among themselves while the veterans settled an old grudge. To-morrow, however, the young and fleet Royal Naval College team must resist the onslaughts of the Wanderers while the Old Boys are to run smack up against the Bays, last year's champions.

Vets Consolidate.

The Wanderers and Bays have for years been identified with rugby in Victoria and while this year their ranks are filled with many youngsters they have a fair sprinkling of vets, who hold the packs together and forge the back divisions into a bad mass to buck the general public. It is expected that the side-lines at both games to-morrow will be crowded with people, as was the case last week-end. People are setting keys up for the rep. rugby games which are to be staged this Winter and no doubt all past attendance records for these games will be shattered.

It is announced that to-morrow's games will start at 3 o'clock. The Bays and Old Boys are to stage their show at the Oak Bay Park, while the Collegians will entertain the Wanderers at the University grounds, Mount Toimie.

MASTERTON KILLED TWENTY-EIGHT MEN IN HIS EARLY DAYS

New York Sports Scribe, Who Died Recently, Was Dangerous Man in West

New York, Oct. 28.—"Bat" Masterton, the New York sporting scribe who died several days ago, is credited with having killed twenty-eight men in his time.

William Barclay Masterton began his career as a pistol fighter at the age of twenty in a town called Adobe Walls, somewhere in the Western desert, by killing a man in a poker argument. They took the deceased outside and the poker game went on.

The men rolled up in blankets when the game had come to a peaceful finish and went to sleep. But, fortunately, the ceiling of the Adobe house fell on Bat and his bunkie sometime during the night and they extricated themselves from the wreckage in time to intercept a band of 200 Indians, led by a negro desert runner from the United States Cavalry, bent on massacre.

Killed the Negro.

Masterton and his friend began firing and this aroused the other men of the town, preventing a surprise. For 14 days the Indians, led by the negro, continued to attack the town. On the 14th day Masterton himself killed the negro, and the siege abated.

Gen. Nelson A. Miles, the famous Indian fighter, heard of Masterton's conduct in the long battle and made him second in command of a detachment of 18 scouts. Later he became sheriff of Dodge City, formerly Fort Dodge, Kan., and in subsequent years he drifted to Trinidad and Denver as sheriff. Although he was required to kill men to maintain the peace during his terms as sheriff, Bat Masterton, during all his 15 years on Broadway, was reticent about all the shooting except the incident in which he Thumped down and killed four drunken cowboys in Dodge City all between sunset and sunrise, to avenge the killing of his brother by one of them.

But was one of the last survivors of the old West, but he never capitalized his past, never became a circus plainman. He had counted Thoreau Roosevelt among his personal friends.

In his sporting comment here Masterton was forever lambasting prize fighters for whom as a class he had no great admiration. He was a familiar figure for years, however, at the ringside in Madison Square Garden.

Judge Landis favors single game sale of tickets for future world's baseball series.

SASKATOON MAY NOT BE IN SENIOR HOCKEY

Saskatoon, Oct. 28.—The annual meeting of the S. A. H. A. will be held in this city on November 3, according to an announcement by President C. W. Bolton last night.

Prospects for amateur senior hockey in Saskatchewan are uncertain, Mr. Bolton said, and who will compose the league this season will not be known for some time.

Saskatoon will have a professional team this year having obtained a franchise in the "Big Five."

Ring Champions Are Now in the Idle Class

Men Who Reign Supreme in Various Classes Find Little Chance to Get to Work—Looks Like a Hard Winter For Most of 'Em

New York, Oct. 28.—The most thoroughly unemployed young men in the prize fight line this year and date are the young men who hold the titles.

Jack Dempsey, Georges Carpentier, Johnny Wilson, Jack Britton and Benny Leonard are either out of work or just doing chores here and there to pick up the price of the income slap on the regular money they earned when the stars were younger.

Dempsey is out tramping across the west with a vaudeville caravan. It's hard work and he does four shows a day but it pays him something and that's 100 per cent more than he picked up in three months around the lobby of a New York Hotel while waiting in vain for someone to turn up to fight him.

"And it keeps me in shape, too," Jack argued at the ringside during the Billy Shads-Gay Kaiser war in Madison Square Garden a week ago. "I'd rather be fighting, but what are you going to do when there's nobody to fight?"

Carpentier Has a Date.

Carpentier, as light heavyweight champion of the world, is fighting an Australian named Cook, in London one of these Autumn nights. It is just a prize fight without the Gallic touch, the couple of times a year after all, like the spades in four-paw Casino. Georges may come back here and furnish a little employment for both himself and Tommy Gibbons sometime after Christmas, this is the last lap of October and Carpentier hasn't had a job of work since that anvil fell on him in Jersey City, July 2.

Johnny Wilson never could fight and now he has reached the stage where he just simply doesn't. Wilson's very name is the signal for gas mask drill in one coast in New York and New Jersey due to that Labor Day episode with Bryan Downey, so he can't find much work hereabouts. They want him to fight Happy Listowel, a New Orleans pugilist, but Listowel is a little out of the game and they are warned that it is close at hand.

Look For Fine Play.

It is expected that the tournament will be one of the most successful ever held in this city. If the weather clears off the qualifying round on Sunday will undoubtedly see some very keen play.

The draw for the qualifying round will be made to-night by officials of the Oak Bay Club, and announcements will be made to-morrow. The qualifying round will be 36 holes, and the leading 32 players will qualify for the championship.

The first and second rounds of the championship flight will be played on November 5, the third and semi-final rounds on November 6, and the final, 36 holes, on November 7. The defeated first sixteen of the first flight will play the second round of the first flight on November 5, the second and semi-finals on November 6, and the final on November 7.

The Prizes.

A prize will be given to the winner of the qualifying round, a prize to the winner and runner-up of the championship, and prize to the winner of the first flight.

Bona fide residents of Victoria are eligible to play for this championship unless members of the local clubs or not.

On November 7 the day the finals are played, a sweepstake of \$1 each for the Victoria Club members and those entering for the city championship will be played, 18 holes, stroke competition, under handicap.

The stakes will be divided two-thirds to the winner and one-third to the second, winners may choose their own opponents and play either morning or afternoon. Post entries must be made for this competition, and score cards obtained from the secretary.

MRS. PHILBRICK AND MRS. BURTON IN TIE

The result of the October bogey competition of the ladies of the Victoria Golf Club was a tie between Mrs. Philbrick and Mrs. W. F. Burton, each of whom was six down.

BOXING BIFFS

Box Another Draw.

Tacoma, Oct. 28.—For the second time in two weeks Morgan Jones, of Tacoma, and Al Grunau, Los Angeles, fought a draw. The fight was a fast, exciting one, with Jones having a lead on points. Jimmy Rivers defeated Bill Stanley in a lightweight clash while Frankie Britt won a featherweight mix from Al Lupo.

NEW YORK GOLF STAR MAY NEVER PLAY AGAIN

New York, Oct. 28.—Gardner White, metropolitan golf champion, may never again be able to play championship golf.

He has just undergone a second operation, the outcome of which is still somewhat uncertain. About a month ago White was injured in an automobile accident and glass from the windshield cut all the arteries and tendons in his wrists.

At present he has only the use of his thumb on his injured hand.

Sons Hope for Win Over Crippled Mets

Taylor, Wale and Brynjolfson Both Off Champions Line-Up Owing to Injuries; Mud May Cause Surprises in All League Games.

With the incessant rain of the past two days the playing fields to-morrow will be rather slippery and soggy and the footballers will have plenty of fun trying to stand on their pedestals and make much use of their toes in shooting goals.

A full programme of games has been arranged by the Victoria and District Football Association. There will be three tussles in the First Division, two in the Second and two in the Junior.

Lower Vs. Uppers.

In the First Division the teams in the upper half are pitted against their lower brethren. On a dry field the advantage would all be with the former eleven, but in the mud anything is liable to happen. It's just like a horse race, the fleet little 'uns are stowed up a lot.

The Garrison and Yarrows will probably provide the tit-bit of the programme. They are to meet at the Royal Athletic Park, provided the rain has not made a lake out of the place. Yarrows are trotting out their best team in order to break into the win column. They will introduce one new player, Coles, who was with the Fragments of France several years ago. He will play centre forward.

The Garrison will also be in top form for the clash and with any kind of playing conditions the game should be especially good.

Mets Badly Crippled.

The crippled Mets are to go up against the Sons of England to-morrow and will have to fight tooth and nail to save the Rosens from breaking their winning streak.

Everett Taylor, captain of the Mets, who had his foot badly hurt when Bloom jumped on him last Saturday, will be out of the game. An X-Ray picture was taken of the foot yesterday and it is believed that the arch has been broken. This will keep Taylor out of the game for a while.

Wests Taking No Chances.

The Wests are to tangle with the Thistles, the cellar champions, at the Stadium. The Wests are sending out a fast team and are taking no chances. The Thistles' Cope will not be playing full-back for the Wests, but Cooper will be in his place.

The Metropolitan and Wilson's will provide the Scotch interest in the Second Division. Neither team has been defeated as yet this season.

The Programme.

To-morrow's soccer programme is as follows:

First Division.
Yarrows vs. Garrison, at Royal Athletic Park; referee, Faulkner.
Sons of England vs. Metropolis, at Hill lower ground; referee, Brown.

Second Division.
Metropolis vs. Wilson's, at Central Park; referee, Wilcox.
C. P. R. vs. Sons of England, at Beacon Hill upper ground; referee, Armstrong.

Junior Division.
Gorge vs. Wests, at Central Park; referee, Hopkins.
James Bays vs. Saanich Thistles, at Albion ground; referee, Lawrence.

The teams will be as follows:

Yarrows—Bridges; Ord and Rickinson; Roe, Allen and C. Brown; Harrier, Swan, Coles, Bloom, Hurn, Henderson and W. Brown.

Metropolis—Rogers; Breadner and Munro; Faichen, J. Miller and J. Brass; Sandison, J. Howden, J. Brass, A. N. O'Neil, H. Morgan, Reserves, G. Hewitt, W. W. and A. Fitch. All players are asked to be at Stadium at 2.15 o'clock.

Sons of England, Firsts—Hetherington; Tubwell and Carmichael; Tugman, Wright and Harwood; Harper, Turner, Small, Davies and Kennedy.

Sons of England, Seconds—Rhodes; Lamphere and Next; McGimpsey, McIntyre and Lewis; Dunn, Ford, Brynion, Blacklock and Shanks. Reserves, Price, Ockenden and Holman. All players meet at the Veterans of France headquarters not later than 2.15 o'clock.

C. P. R. Hopes for Win.

The C. P. R. soccerites will do their best to take the Sons of England team into camp notwithstanding their having had a little run of hard luck in the games played so far. The C.P.R. football committee has worked hard to get the team going in good shape and are very optimistic as to the future of the team. With Ernie Cull

RICE, ENGLISH CHAMP. TO BOX IN NEW YORK

Lightweight Marvel From the Other Side to Mix With Sailor Friedman To-night

New York, Oct. 28.—Stringing along in the procession of British sport kings that have stalked across the American field this year comes now a fight champion.

Ernie Rice, an English-Italian, on the British population sheet as Ernie Riceo, is here with the Londale belt as a voucher that he is "lightweight champion of the Isles."

Rice believes he has a chance to unseat Leonard. His first move to prove his claim to class comes to-night in the Garden when he starts a 15-round bout with Sailor Friedman, the best 135-pounder in Chicago and one of America's ranking battlers.

The Englishman must feel sure of himself to pick out the Windy City boy for his first exhibition.

WAITE HOYT MAY GO ON VAUDEVILLE STAGE

In Waite Hoyt, right-handed pitching hero of the New York Yankees in the world's series, making the same mistake that Al Mamaux made a year ago? This is the question baseball fans are asking each other now that the big fall classic is a matter of history. After Brooklyn was defeated by Cleveland in the series last fall, Al Mamaux, one of the former team's pitchers, went on the stage and suffered a breakdown that put him out for practically the entire season of 1921. He is now recuperating from his illness, and it is doubtful whether he will be able to regain the effectiveness he once enjoyed on the mound.

It was only a few days ago that young Hoyt was in the glare of the calcium light of popularity. Now he is about to appear before the Hums of the stage, a man who has been the strength of his success in the world's series has been flooded with theatrical contracts.

In addition to his twirling prowess Hoyt has been identified with amateur theatrical and musicals for a number of years, possessing a pleasing tenor voice and an unusual personality, inherited from his father, Ad Hoyt, a famous minstrel man.

JOCKEY IN BAD SPILL HAS SKULL FRACTURED

Baltimore, Md., Oct. 28.—Meuse, with Lee Coney, a colored jockey, up, fell in the fifth race yesterday at Laurel Park and Coney is at a hospital here with his skull probably fractured.

Frankie Collietti is charged by the Laurel Park Stewards with being responsible for the fall. Collietti is alleged to have driven his mount, Sedge, at an angle that put Coney on the fence. Sedge was disqualified and Collietti set down for the rest of the meet.

PENSION BOARD

ACTION CHALLENGED

Stoppage of Pensions Falls Upon Widow When Compensation Paid

The Saanich Council last night heard from Councillor McWilliam a distressing tale of the experience of Mrs. W. H. A. Roach, of Blackwood Street, the widowed mother of four young children.

She had been receiving a pension from the Provincial Pensions Board since her husband died, but this was terminated it was stated as soon as Mrs. Roach was paid compensation of \$1,000 by the Dominion Government, her husband having died on duty on the D. G. S. Estevan.

The council was informed that, after paying necessary expenses, \$700 remained to the widow, and this was pledged towards reduction of a \$1,600 mortgage on the house, leaving widow and four little children nothing for maintenance and a possible burden upon Saanich.

The council decided to make a strong protest to the Pension Board against "this misguided economy." Councillor McWilliam declaring, "upon my word, I cannot think what

will come of them if the Board persists in this course."

VICTORIA WET, BUT VANCOUVER WETTER

While Victoria grumbled at a rainfall of .84 of an inch which fell in the twenty-four hours ending 5 a.m. today, Vancouver was soaking in a deluge which was recorded on the meteorological instruments as 2.24 inches, according to the statement made this morning by Superintendent Napier Denison, of Gonzales Heights Observatory. Heavy rains have been general in the coast area. Rain is also falling in Manitoba, which is sharing the generally mild weather of the prairie provinces. Rainfall to date in Victoria for the present month is 3.31 inches, or .58 of an inch above the average for October.

The severe storms which have been hovering in the region of the coast have now centered in Prince Rupert, and Sitka last night reported that the barometer had fallen to 28.9. In Oregon and Washington yesterday the wind attained a velocity of over 60 miles an hour, and this morning is between 48 to 53 miles an hour.

Now and then a young man who marries and thinks he is going to found a home discovers he just has established a house of refuge for his wife's relatives.

SAANICH WILL PRESS FOR POWER TO TAX ELK LAKE

Council Hopes to Secure Favorable Action By Legislature

Saanich will push with vigor its special bill to secure powers to tax Elk Lake waterworks lands, now by special legislation exempt from taxation. This course was unanimously decided upon by the Saanich Council last night, after receiving a letter from the city setting forth its views, and which was published in Tuesday's Times.

Much annoyed by the city's claim to have treated Saanich generously in water matters, Reeve Watson declared "the shoe is on the other foot. Victoria has had \$30,000 of found money from Saanich. As a result of the desire of an earlier council to be amiable, the city was given a chance to amend its price for water to equality with a competing concern. Saanich has indeed been generous to Victoria."

Reeve Watson declared that he had been inclined to let the Elk Lake question remain in abeyance for another year, but since the city was taking its present stand, refused to make Elk Lake a permanent park but instead appeared to expect Saanich to carry the lands tax free until the next boom came along, he favored action to "find out where we stand." The councillors expressed approval, and denouncing the city's letter as "one big bluff," decided that copies of a resume of the whole controversy should be supplied to all members of the Legislature.

Tax Free Mt. Douglas. An assertion at the last session of the city council, that Saanich levied taxes on Mt. Douglas Park, was warmly denied by Reeve Watson, who declared that there was some ulterior motive in such a statement. "It is an attempt to throw dust in the eyes of the public. There is a nigger in the woodpile somewhere, I cannot exactly see him, but I know he is there," he said.

COUNCIL WOULD PAY SEWER DEBT

Saanich Ratepayers to Be Asked to Authorize Bonds

Arguing that Saanich should pay the sewer bill she owes Victoria, as being a just debt, Councillor Kingwell last night secured unanimous support to his proposal that a by-law be prepared to which if endorsed by the ratepayers at the municipal election, ratepayers will authorize payment of the amount due.

No sum will be included to allow of sewerage installation in Saanich, it being the intention merely to liquidate a debt of long standing.

Asked as to what he proposed should be the maintenance contribution by Saanich, Councillor Kingwell warmly denied that any liability should rest upon Saanich for maintenance, at any rate until the municipality makes use of the privilege of connecting.

It was pointed out to the council that piecemeal construction would be vastly more expensive than the preparation of one comprehensive scheme to be carried out over a term of years, but Reeve Watson voiced the majority of the council when he said, "Very true, but it is impossible to get the varied sections of Saanich to stand for a \$500,000 bond issue for one district, meanwhile we should pay this just debt before it grows larger."

CLOUDS TWO MILES LONG
We speak of "heavy" thunderclouds, but it is difficult to realize that anything floating in the air is in actual fact heavy even when it is about to precipitate many tons of rain upon the earth.

Clouds, indeed, have weight, for all of them contain water in suspension. A big thundercloud may be two miles long and broad and three miles high. If it is a continuous mass composed of water vapor to the point of saturation, it represents 300,000 tons of water suspended in the air. Nature's pumping engines have raised that great quantity of water from the sea and the earth, and the cloud itself contains in "energy of position" exactly the power expended in raising that water. The cloud is, in fact, a reservoir of great capacity, perhaps 5,000 feet above the ground level.—Tit-Bits.

Farris Challenges Bowser; Demands "Charges" Probe

Opposition Leader Elaborated His Resolution on Liquor Dealings

Says That Friends of Government and Members of House Profited

After deliberating peacefully for nearly two weeks, with scarcely a ripple to ruffle the surface of the Legislative waters, the House was enlightened Thursday afternoon, when Mr. Bowser made his liquor "charges."

W. J. Bowser, K. C., Leader of the Opposition, and Hon. J. W. de B. Farris, Attorney-General and Minister of Labor, locked horns in a struggle which each declared must be fought to a finish.

The occasion was Mr. Bowser's resolution relating to the administration of the Liquor Control Act. At great length he discussed the clauses of his resolution, which had been changed in wording to conform to Speaker Manson's interpretation of the rules of the House. The resolution was analyzed by the Opposition Leader, who dealt with its clauses serially.

"I shall try to be consistent with the spirit of the charges contained in the resolution," commenced Mr. Bowser.
"In October, 1917, the Prohibition Act came into force," he explained. "Soon scandals became rampant and discussion of them occurred on the public platforms of the country and in the Legislature. Escapades of all kinds came to light and one prominent official under the administration was sent to the penitentiary and there served his term."

The people of British Columbia became disaffected either with the Prohibition Act or with the manner in which it was administered, he declared, and a new law was enacted.

"Now, after four months of that law—the Liquor Control Act—we hear fresh rumors of maladministration of the law," he continued, "and after what transpired previously no one could look for a better administration. I now feel it my duty, as Leader of the Opposition and in view of my long experience in public life, to move as I have done."

The first charge dealt with was that pertaining to the kind of liquor which the public expected to purchase at Government stores. Mr.

Only Insinuations With Nothing Definite, Attorney-General Declares

Alleges Sinister Combination to Ruin Him and Blacken Characters

The minute Mr. Bowser came to the end of his liquor charges in the House yesterday afternoon the Hon. J. W. de B. Farris, Attorney-General, arose.

"I am going to fight and fight for my honor," said Mr. Farris. He emphasized his earnestness in a vigorous way, while the crowded galleries and the members on the floor of the House listened almost breathlessly.

Mr. Farris declared that the resolution and the speech of Mr. Bowser were insinuations against himself of maladministration.

"I am not here to oppose an investigation by this Legislature," he went on. "The people are entitled to have the fullest assurances."

"Things have been suggested to-day on which I will insist there will be the fullest investigation."

"I feel that the Leader of the Opposition has gone far afield and has made statements clothed in the garb of charge which will not bear on examination the essence of charges to which the honorable members of this House are entitled."

Harmed Many Without Proof.
"Whatever investigation there may be in regard to matters discussed there these charges or not. And if he does not prove them he can say that he made a mistake and assume no responsibility for the charges he has made."

Nothing Definite Against Them.
Mr. Farris then referred to the group of names mentioned by Mr. Bowser, Messrs. McLachly, Conley, Dougherty, McArthur, Wismer, Delbridge and Wendell Farris.

"I ask honorable members of this House to go back in their minds now and note if in connection with these names there has been any charge against any one," Mr. Farris went on. "My honorable friend by talking about a ring has created the impression that there is something crooked in these transactions, and something crooked against the Attorney-General."

"Insidious Attack."
"That is the kind of insidious attack that has been closing around myself. I am not unmindful of the gossip and rumors that have been going on around the corridors and throughout the country for the last four years about myself. I have had to meet it ever since I have been in this office, and I have had to meet it in a combination of the Leader of the Opposition and the 'Morning Star' of Vancouver."

"I want to say that the word has gone forth from The Sun newspaper that they have got to concentrate on Farris, that this morning when Mr. Farris is going to get the Attorney-General."

No Charges, Only Insinuations.
"I looked forward to see the Leader of the Opposition come out like a man and make his statements and charges, and not conduct a campaign to spread insinuations by whisperings. Surely any man who is accused of anything is entitled to expressed charges."

Mr. Farris declared that in the insinuations and so-called "charges" made by Mr. Bowser, no one was able to put his hand on one specific case of wrongdoing charged.
"But notwithstanding that, the speech of the Leader of the Opposition is conceived, concocted and delivered with the intention of creating the impression and imputing wrongdoing on my part without coming out and making an actual allegation of assertion of wrongdoing," Mr. Farris went on.

Fears No Newspaper "Thug."
"I am going to fight and fight for my honor, my reputation, and I do not propose that a political newspaper thug is going to destroy my reputation unless he comes through and proves his insinuations."

"And what about this newspaper man?" Mr. Farris went on, referring to R. J. Cromie, publisher of The Vancouver Sun.

Mr. Farris said that the last time he spoke to him was when Mr. Cromie walked into his office and with an insolent attitude, referring to the Premier, declared that "the old man had turned me down and I want to know what you fellows are going to do about it" and "friendship be damned."

Mr. Farris said that Mr. Cromie then brought up his Powell River Pulp & Paper Co. contract.

Has Cut "Blackmail."
"I said 'Cromie what do you suggest?' Mr. Farris went on. "You put your man Pines in to-morrow to go through the books of that company."

"I am proud to say that I have never spoken to that dirty, black-mailer from that day to this," Mr. Farris said.

"What is the result? The word has gone out from The Sun newspaper

that I am to be driven from public life."

Getting back to Mr. Bowser, Mr. Farris said that he had hoped that we would get from the Leader of the Opposition what he is really driving at."

Followed Bowser Suggestion.
Mr. Farris explained that he was not going to deal in detail with the insinuations until the next session of the House, but he did refer to the question of the purchase of liquor for the Liquor Control Board, recalling the suggestion made by Mr. Bowser when the Liquor Act was before the House last session that the Government buy its liquor through the Government purchasing agent.

"What happened?" Mr. Farris went on.

The Government appointed Mr. Patterson the Government agent as the purchasing agent of the Board. He is an old respected citizen of Victoria, and not of that iniquitous place, Vancouver. And the purchase of liquor has not been made by myself or by the Liquor Board, but by the purchasing agent, the man whom my honorable friend last session recommended."

Wanted Chance For Insinuations.
Mr. Farris then brought in a long list of the firms from which liquor has been purchased, the quantities, the kinds and the price. He wanted to know why, if Mr. Bowser had really

wanted to know about these liquor purchases, he had not taken the usual course for members and put questions on the order paper asking for the information, instead of picking out the names of respected citizens and making insinuations against them, because in elections they had supported him.

Mr. Farris said that two days ago he had his two brothers over from Vancouver, and they were out to his home for dinner. The next morning the "Morning Star" of Vancouver, came out and "screamed" that they had rushed over here to his assistance.

Disgracing Political Life.
"What is there in political life in this Province good enough to have to stand this sort of thing?" Mr. Farris went on.

"There is nothing in what this Province has to offer in public life to induce a man to endure and go through the kind of stuff I have had to endure and go through for the last three years."

So far as spirituous liquors and wines are concerned every purchase has been made by the purchasing agent, James Patterson. Mr. Farris said. He asked what if certain men had sold liquor to the purchasing agent and had made a commission on it through being the sales agents of certain distilleries. It was only the ordinary transaction.

Mr. Farris explained that as late as

last August the purchasing agent had written to the distilleries saying that it was the desire of the Liquor Control Board to purchase liquors direct from the distilleries and thereby eliminate all commissions. What happened was that answers came back, from all except a few small concerns, to say that as members of the whisky association they were precluded from lending themselves to any such arrangement, and their quotations were exactly the same for direct purchase, and they would be through their usual agents. Some of the smaller concerns offered to cut their prices a bit if the Board would give them a large order.

Little From Political Friends.
"If all the thousands of dollars of liquors purchased, say, honorable friend will have to go far to prove that any appreciable quantity of this liquor was purchased from political friends of the Government as most of the agents of these whiskies have not even given political support to the Government," Mr. Farris continued.

Warehouse Deal.
As for the Campbell warehouse deal, Mr. Farris said that there had been a trial of that question, conducted in the courts created for that purpose, and he had hoped that the Leader of the Opposition would have taken the evidence brought in at that trial and made it the basis of his charges on the floor of the House.

As for the make-up of the investigating committee proposed by Mr.

Bowser, with Mr. Bowser himself a member of it, Mr. Farris said: "I would be very sorry to trust my reputation to the judicial disposition of the Leader of the Opposition. I think that we can assume that Cromie, who has been seen whispering side by side with the Leader of the Opposition and Joe Martin, Cromie's counsel, if there was anything to be dug up it would have been dug up by them at that trial."

"I was in hopes that the Leader of the Opposition would have been big enough to have taken that evidence at that trial as the basis of a motion of want of confidence. I prefer to have it fought out on the floor of the House."

Why Libel Trial Failed.
Mr. Farris pointed out that counsel for Mr. Cromie in the trial moved for the dismissal of the libel action on the basis that no charge had been made against Campbell by Cromie. He recalled the closing sentence of the trial judge to the jury in which he intimated that the jury should dismiss the case not because no libel was proved, but because no libel was alleged.

"There is no reason why the honorable members of the House should accept that verdict, but I do say that they should accept the evidence," Mr. Farris went on.

Not Afraid of Cass.
"I am not afraid to have my case placed before the honorable members (Continued on page 15.)"

"The Rosary," that comedy drama which above all others has met with public approval in many places, has scored another success here in Victoria. As presented by the Mildred Page Players this beautiful play is doubly beautiful. The cast is at its best. Mr. Leeland, as the priest, is doing some very artistic work. Miss Page in the dual role of Veranda Alice Marsh, twin sisters, is charming, and has an opportunity in the

third act for some especially appealing emotional work. The great feature of Miss Page's work is always the intense suppressed quality she possesses in such abundance, always handling her parts with complete understanding of their value and always with a hint of reserve power, this with the capable handling of the lighter scenes marks Miss Page as an actress of no mean ability.

Byron Aldern has one of those parts in which he excels, a part in which that might have been written for him, so well does it suit him, has last act being especially good.

which will be the attraction at the Royal Victoria Theatre again to-day. Mack towers as of yore above the diminutive Charlie. The fun begins from their first meeting. There have been comedy teams galore in moving pictures but Chaplin never had a better foil than Mack Swain.

Mack is six feet, three inches tall and weighs in the neighborhood of 240 pounds. When Charlie falls into his clutches, an appealing expression in his eyes, there is no human being who can resist the contrast.

"The Idle Class" is in a class by itself. Although not as long as "The Kid" it packs more fun to the reel than any film Chaplin has ever done.

Charles Ray will be shown as a second attraction this week in "A Midnight Bell." Adventure and hair-raising experiences are to be found in small towns as well as in metropolitan centres. Ray is seen here as a travelling salesman and circumstances compelled him to settle in the little town of Belpoit. Things happen rapidly when he arrives. Five couples had been attracted to the place by the prosperous condition of the bank, and they made their headquarters in an abandoned church which had gained the reputation of being haunted. Ray didn't believe in ghosts, so he spent the night in the church, but he had to admit in the morning that it was a terrifying experience. This is only a small part which is to be seen at the above theatre in "A Midnight Bell."

The musical attraction this week will be Miss Ivy Holt in songs selected.

CAPITOL

Douglas MacLean, one of the most popular comic comedians of the screen, scored a decisive hit in his latest Paramount picture "The Home Stretch," which was presented to a large and delightful audience at the Capitol Theatre yesterday. This is a romance of love and the turf and unlike most comedies, it has thrills of its own besides unusually clever comedy situations. The story deals with a young turfman who finds it difficult to resist gambling, but who wins out at last when love for a beautiful girl enters his life. Mr. MacLean is admirably supported by Beatrice Burnham and a well chosen cast of players.

VARIETY

Clyde C. Westover, who wrote the William Fox story, "The Scuttlers," in which William Farnum is appearing at Variety Theatre to-day, has at least two claims to distinction. One is that he is author of considerable reputation and the other is that he is the father of pretty Winifred Westover, well known as a dainty and capable leading woman. Miss Westover recently appeared in the Fox production "Firebrand Trevilison," in which Buck Jones is the star.

Mr. Westover, whose experience as

Francis McDonald, a good actor, can testify to the truth of the statement that a bear as an opponent in mortal combat is a bad actor. He had an honest-to-goodness fight with a husky of the Bruno tribe and he knows whereof he speaketh. This experience came as a part of his lot in the role of a villain in James Oliver Curwood's sensational photodrama, "Nomads of the North," which is booked for a showing at the Columbia Theatre to-day and the balance of the week.

"IN THE QUEEN'S NAME"

In their efforts to gauge the fancy of the theatre-going public of Victoria in the matter of entertainments, the Victoria Dramatic and Operatic Society at their Little Theatre and elsewhere have demonstrated their versatility. Since the formation of the society in the Spring of 1920 eight big public productions have been staged in addition to numerous smaller entertainments at various places in aid of charities. These productions have included light opera, comic opera, burlesque, comedy, farce, vaudeville and drama.

The society's production of "Dandy Dick," "The Girl of the Year," "The Man of the Guard," "The Message from Mars," "Erminie," "The Monkey's Paw," "The 1921 Follies," and "Nobles" have all been enthusiastically received and will doubtless be long remembered by those who saw them. In their latest offering, "In the Queen's Name," the V. D. and O. S. have picked something out of the common. Not only is the story one of absorbing interest, but great care has been exercised to ensure accuracy of detail in costume and scenery. The cast is particularly strong consisting chiefly of experienced actors already well known to the Victoria public. If testimony be needed that they succeed for a space in transporting the audiences back to the France of the seventeenth century it will be found in the breathless interest with which the play is followed.

It should be sufficient guarantee of excellence to say that this production is in the hands of R. N. Hincks, whose reputation as producer of the great north country, which is coming to the Royal Victoria Theatre next week, commencing Monday. Her leading man is Ben Deeley and others in the supporting cast are William Ryno, Ben Hagerty, and Edwin Wallock. A splendid assortment of malevolent dogs and a number of wild animals are used in this production. "Kazan" was adapted from James Oliver Curwood's popular story of the same name by Bertram Bracken, who also directed the production.

MISS IVY HOLT SINGS AT ROYAL

It is a strange actuality that in the realm of vocal music the good contralto voice among female singers is as scarce as the god tenor voice in the males.

Miss Ivy Holt, the singer engaged this week at the Royal possesses a lovely voice, and it is a delight to hear her sing. She has plenty of temperament and musicianship, and she sings with convincing sincerity.

Born in the North of England, she at a very early age won her first scholarship at the London College of Music in which institution she studied for a number of years. When seventeen she won another scholarship, "The Lillian Eldie," at the Royal Academy of Music, London, studying there with Charles Phillips. At the Academy she took part many times in the orchestra concerts held at the Queen's Hall. At this time London papers predicted a great future for her. She was the youngest competitor among 69 candidates who competed at the "All British Musical Festival," held at the Olympia, London, in 1913, and won third prize.

During the war she gave a great deal of her time and talents to various causes, under the management of the English composer, Isidore de Lara, who had also recognized her abilities. About two years ago she came to British Columbia and has resided in the northern interior where she has been constantly called upon to assist in concert work. For the past three months she has had engagements at Vancouver, and has had further study with E. T. Shade of this city. So favorably has she been received by Royal audiences that her engagement has been extended another week.

The famous "Wallingford" characters, before the public so many years in the magazine, are on the screen now. J. Rufus, his pal, Blackie Day, and the rest of them, are seen in Vitagraph's new production, "The Son of Wallingford," now being shown in many cities.

NEUTRALIZE ACIDS IN YOUR STOMACH

GET RID OF INDIGESTION

Few people realize the importance of keeping the stomach free from excessive acidity. Indigestion is the result of the cause of nine-tenths of all stomach trouble. The food sours and ferments, brings on heartburn, flatulence, indigestion, and the stomach pains that every sufferer knows so well. Pepsin and antacid are essential for the stomach. They give only temporary relief and often do great harm.

Neutralize the stomach acids after eating with a glass of warm or hot Magnesia water. A teaspoonful of pure Pepsin and a glass of water is all that is required. Get a few ounces of Bisulphate of Magnesia from any reliable druggist and try this for a few weeks. Eat what you want and enjoy your meals.

OPPOSITION LEADER

(Continued from page 14.)

Bowser said the people had expected to buy the best of liquor and at the lowest prices consistent with a fair profit. This was not the case.

He then charged that the Department had purchased from a close friend of the Government certain premises known as the Campbell warehouse, and that the former owner of that property had acted as a go-between in securing the passing of legislation, for which campaign funds were contributed. This evidence came out on oath during the recent Campbell-Cromie libel suit, he explained, and he presumed there was nothing to do but accept the situation as the one under which the Government of the country did business.

Mr. Bowser said that the price paid was a most extreme one. Many men were willing to sell suitable property to the Government at much lower prices.

"So it would have been thought that the Government as a business concern would not have given this extravagant price, even to a close political friend," he charged.

"And now we have the results of the recent trial," he went on. "A special jury has given its opinion, and what are we to think?"

He then explained that, according to his opinion, the purchase had been entirely illegal. He quoted a section of the Provincial statutes to show that the purchase of any warehouse should not have been made before the new Liquor Control Act became law. The Interpretation Act, he said, clearly showed that the Lieutenant-Governor-in-council would have to proclaim the act law before its clauses could become operative.

Therefore, I make the charge that the purchase of the warehouse was not legal," he said, adding that the people never expected the Government to spend \$150,000 on such a deal.

Had they done so, such opposition would have been expressed that "this blot upon our political history would not have occurred."

Mr. Bowser declared that negotiations had been going on for a long time between Mr. Campbell and Attorney-General Farris. He quoted from a letter written by the former to Hon. Mr. Farris, under date of January 13, 1921, as follows:

"Dear Wallace,
I am handing to Mr. Patterson today the originals of the enclosed letters, which are self-explanatory."

"Messrs. Waghorn, Gwynn & Co., Ltd., is one of the largest and oldest mortgage and real estate firms in British Columbia, and Mr. Waghorn is a prominent Conservative."

"Messrs. Frank L. Murdoch, Ltd., advertise themselves as expert valuers and appraisers and have been established in Vancouver since 1904. You will note they consider the sum of \$1,250 to be a fair rental, per month, on a five-year lease, which is four cents per square foot for 48,000 square feet."

"In view of these letters, I trust there will be no hitch to-morrow in reaching a decision."

Mr. Bowser paused from time to time to allow the audience to breathe.

(Concluded on page 15.)

URHAM-DUPLEX

Shaves Without "Rasp" or "Pull"

Each Durham-Duplex blade is individually hardened, oil-tempered, hollow ground and honed to a fine cutting edge, which is possible only with the finest Swedish steel. Then it receives 500 strokes on the stropping machine, because, before it is packed, each blade must be sharp enough to cut a hair six times in the hands of a tester. The result of such infinite care shows itself in the unusual number of cool, clean shaves you get from each Durham-Duplex blade—without the least "rasp" or "pull."

Standard set, consisting of razor, safety guard and three double-edged blades in a handsome ivory case, \$1 complete. Other sets \$2 up. On sale at all

TOOL SHARPENER.

"May" refers to intemperate or insulting language about an innocent member. I am not under implication and surely no other innocent member may feel hurt. If all are as innocent as I am they will walk home without feeling any imputation.

This concluded the citation of Mr. Bowser's charges.
